REOPEN QUESTION OF PRICE REVISION

Entire Policy of Government Undertaking to Stabilize Prices Wrong—Glass Says Peek Acted Without Authority.

Washington, April 3.—The entire policy of the government in undertaking to revise and stabilize prices through the industrial board of the department of commerce has been re-opened as the result of the conference yesterday over the refusal of the railroad administration to accept a new scale of steel prices arranged by the board.

SAYS PEEK HAD NO AUTHORITY.

Secretary Glass, who presided over the conference of cabinet officers and heads of government purchasing agencies with the industrial board held in his office, said today Chairman Peek of the board had acted without authority in amending the statement of the result so as to make it appear that only the dispute with the railroad administration had been re-committed.

NOT TO FORCE U. S.

It was the intention of the conference, Mr. Glass said, to commit the entire matter of price agreements for further consideration. Officials who were instrumental in organizing the industrial board said there never had been any intention of forcing government agencies to buy at agreed prices, and that it would be necessary for the board to change its course.

An effort to effect an agreement between the board and the head of the railroad administration failed although members of the cabinet, the industrial board and representatives of the food and fuel administrations, the war trade board and the war finance corporation conferred for four hours yesterday afternoon. The conference at times grew stormy, with the cabinet members finally withdrawing to an adjoining room, from which they emerged with a recommendation that the question be re-committed to the board for further consideration. This was agreed upon.

Mr. Hines, according to one of the officials present told the conference that the agreement on the steel prices reached by the board with the steel industry two weeks ago, was made over his protest and was without warrant of law. The director-general was reported as declaring that no matter what terms was applied to the work of the board in its attempt at price readjustments, it was price fixing. The Sherman anti-trust law, it was said, was cited by Mr. Hines. He further stated, it was said, that the railroad administration should be left to make its purchases at prices acceptable to it, and that he would not accept arbitrary prices recommended by the board after agreement with the industry.

ON INDEPENDENCE OF PHILIPPINES

Washington, April 3—Members of the special mission sent to the United States by the Philippine legislature to ask complete independence of the islands established headquarters yesterday and prepared to present their case to the government. Secretary Baker will see the mission Friday.

Soon after congress convenes the House insular affairs committee and the Senate Philippines committee will hold a joint session to hear a formal memorial from the islanders.

Manuel L. Quezon, president of the Philippine Senate and chairman of the mission, said that the request for independence was based largely on the conduct of the islanders during the past four years. He pointed out that during the war the Filipinos raised a division of soldiers and stood ready to raise as many more as might be required, that the islanders prospered under the extensive self-government granted them by the United States, and had subscribed more than their quota of every issue of Liberty bonds and other war contributions.

RULES THAT WAR LEGALLY AT END

Louisville, Ky., April 3— In line with an informal statement from the bench on March 24, Federal Judge Walter Evans in an opinion today, handed down a decision finding that the war in Europe legally is at an end and that a plea for a new trial on conviction of violating wartime military regulations after the armistice was signed has standing in court.

BANKERS PLAN TO DEVELOP CHINA

San Francisco, Cal., April 3—The development of China and Siberia will be accomplished by the formation of an organization of leading financiers, and bankers in Japan and the United States, according to T. Mochizuki and Y. Ozaki, members of the Japanese parliament, who are visiting this country to study political conditions before proceeding to Paris in an unofficial capacity. The two visitors said today they would take action in connection with the final details of the organization before their departure for Europe.

Mochizuki expressed the opinion that "the United States and Japan should control the Pacific for all time."

NO ACTION ON AMENDMENTS

By Associated Press.

Paris, April 3—The drafting committee of the league of nations commission has finished work, but has not passed on the French amendments to articles VIII and IX, as well as American and Japanese suggestions as to the Monroe Doctrine and the equality of nationalities. It is expected that the league of nations commission will meet on Saturday to adopt a definite text of the covenant. President Wilson will act as chairman of the meeting.

SEEK HUNGARIAN DATA

(*By Associated Press.*)

Paris, April 3—President Wilson and the premiers in conference at the White House yesterday decided to send to south Hungary for information concerning the situation and to remove the misunderstanding that has arisen regarding the frontier of new states. It has been said that the revolutions have largely been brought about by a mistaken notion regarding the intentions of the allied commission in Hungary.

BALKANS HARD UP FOR CLOTHING

(Correspondence of Associated Press)

Belgrade, March 27.—American pajamas are now being worn as outer garments by tens of thousands of destitute men and boys in the Balkans. The American Red Cross has sent over a million suits to Serbia, Montenegro and Greece. The shortage of clothing throughout this region is so great that the poor are glad to get any form of covering.

Discarded dress suits, old silk gowns, dilapidated ball room slippers, out of date robes, all gathered by the American Red Cross from America's generous families and valued lightly at home, are seized eagerly by the poor of Serbia and Montenegro.

CONTINUE COTTON SEED CONTROL

Washington, April 3.—The food administration called attention today to the fact that the presidential proclamation issued Tuesday, releasing the packing industry from the administration's control does not release from license control importers, manufacturers and distributors of cotton seed oil and cotton seed oil products.

IMPROVE FURNITURE TRADE IN SOUTH

Washington, April 3.—Attention of American furniture manufacturers is called to the possibilities of increasing trade with the west coast countries of South America in a report issued today by the bureau of foreign and domestic commerce of the department of commerce. More than a million dollars worth of furniture is imported annually by Chile, Peru, Ecuador and Bolivia, the report says and there is to be a large increase as soon as normal conditions are restored as many of the inhabitants have accumulated fortunes during the war.

AS QUAKERS VIEW MEN WHO SERVED

Philadelphia, April 3.—The status of members of the Society of Friends, who voluntarily entered military service was discussed at the yearly meeting of Orthodox Quakers of Philadelphia yesterday. It was agreed that "a loving and tender spirit" should be observed towards such Friends as had been in the military service, but such a spirit should not be construed to mean that there was any change in the Quaker principle of opposing war.

ALLIES REPULSE ATTACKS BY REDS

(*By Associated Press.*)

Archangel, Tuesday, April 1— Repeated Bolsheviki attacks along the front line and both the right and left flank positions controlling Odozerskaia were repulsed today by Allied forces.

The Americans, French, British and Russians, who, either separately or together, are holding positions throughout this territory, which is a little over one hundred miles south of Archangel, have everywhere held their lines intact. The Bolsheviki attacked the railroad front south of Odozerskaia at ten o'clock this morning, but they failed. Allied forces east of Bolshoia Ozera, where Americans, Russians and British are fighting, were under attack all day yesterday at a point about fifteen miles west of Odozerskaia and four separate assaults were made there again early this morning. All broke down under the Allied fire.

BERLIN HIT BY GAMBLING CRAZE

Police Unable to Stop Even Street Gamblers.

(*By Associated Press.*)

Berlin, April 3.—Gambling has so increased here since the armistice that the widest opportunity and license are not sufficient to satisfy the passion of the residents of Berlin, who have taken to playing games of chance, even roulette, in the open streets in certain sections of the city. The police claim they are unable legally to prevent gaming clubs from operating as long as the weak membership regulations are observed.

It is a fact, however, that the police cannot stop games in the public streets. A few weeks ago it was common for the police to make eight or ten arrests daily, but this form of gambling has increased by leaps and bounds until certain streets are lined with tables, edge to edge. The bets have been increasing gradually in size until men and women apparently of the poorer classes and often "workless" and drawing government support, wager 25 marks at a time.

The police occasionally appear on the scene, whereupon the gamblers disappear, only to re-appear quickly after the officers have gone. The scene is enlivened frequently by betors who, after losing, snatch money from the table and dash through the crowd to the walls of the chented gamester.

The fashionable West End is full of clubs, while gambling places have been opened on the Unter Den Linden. The clubs are patronized by a strange mixture of wealthy and poor and the strata between, including many well known persons who made large amounts of money on war contracts. Bets on roulette run as high as five thousand marks.

The clubs, both old and new, are striving to out-do each other in schemes to attract a constantly new clientele. One means is to serve better meals than can be obtained in the restaurants without cards. Many beautiful homes have been hired for club purposes and the gambling rooms are surrounded with every luxury, similar to the gambling houses of New York some years ago.

MEDALS TO MANY ARMY OFFICERS

Washington, April 3—A list of officers who have been awarded the Distinguished Service medal for exceptionally meritorious service during the war, issued by the war department today, includes the names of Major-Generals Leonard Wood, Hugh L. Scott and John F. Morrison.

At the same time the department announced award of the medal to General K. Otani, of the Japanese army, "for especially meritorious and distinguished service as senior Allied commander in Siberia."

Among other officers given the medal are:

Brigadier Generals Robert M. Danford, Oliver Edwards, Frank K. Ferguson, Charles McK Saltzman, Archibald H. Sunderland, E. Eveleth Winslow, Lytle Brown, John J. Bradley; Major-Generals Willard A. Holbrook, Guy Carleton; Colonels James G. Steese, Bradley Dewey, Robert E. Wyllie, J. R. McAndrews; Lieutenant Colonel J. M. Auld, British army; Colonel E. D. Giles, British army.

General Wood's decoration was based on his service as a department, division and camp commander during the war. The citation says:

"He has displayed qualities of leadership and professional attainments of a high order in the administration and training of his various commands, and has furthered in every way during the war the system of officers' training schools."

COURTS TO DECIDE CHICAGO GAS CASE

Chicago, April 3—The People's Gas Light and Coke company today lost its fight to take the litigation over gas rates in Chicago out of court when Judge Torrison in the circuit court ruled that the court had jurisdiction. In this case the city of Chicago is seeking to compel the gas company to return $10,000,000 alleged overcharges to gas users.

SAYS JAPS HOLD NO LAND GRANTS

Mexican Official Issues Statement on Question.

(*By Associated Press.*)

Mexico City, Wednesday April 2—"In Lower California there are various foreign enterprises, among which are one or two Japanese, to which have been given concessions for the exploitation of certain natural resources in various places, but none of them has been permitted, nor will be permitted, to acquire tracts of land, because the constitution prohibits this definitely," was a statement made public today by General Amado Aguirre, under-secretary of agriculture and development.

"Naturally there has been a respect for those companies holding concessions which have always complied with the stipulations of their contracts, but some companies, among them the Mexico Land company, have had their contracts nullified for not having complied with all their provisions. These concessions will be duly and legally liquidated. Those interests which have large holdings will be obliged to divide them and nobody will be given more than 2,500 acres."

General Aguirre declared the government had not and would not allow foreign interests to obtain lands in Lower California, and pointed out that article XXVII of the constitution prohibits foreigners from holding lands within sixty miles of a frontier and thirty miles of a seacoast. He said that under these provisions, because of the geographical situation of lower California, it would be virtually impossible for foreign interests to secure any considerable tract, even in the interior, because of the narrowness of the peninsula.

Regarding concessions held by foreigners, the under-secretary stated that among those holding fishing rights were both Japanese and Norwegians, but he made it plain that no foreign interests held rights to land along the coasts.

Baron Fugitaro Otori, Japanese minister to Mexico, stated yesterday that the only agricultural interests held by his country men were small rice lands near Mexicali, which, he said, were absolutely without importance.

ERROR IN INTERVIEW.

"Discussing an interview with him by a representative of the newspaper Excelsior of this city on March 29, which was embodied in an Associated Press dispatch of that date, General Aguirre declared it was inaccurate in some respects. In taking up this interview at length, it was pointed out that it was stated that "the concessions were fully authorized by the provisions of the constitution," which, he said, 'absolutely robbed the first sentence stating 'Japanese 'corporations have been granted concessions to exploit agricultural lands in Lower California' of any meaning that would cause alarm, since the geographical configuration of Lower California and constitutional provisions regarding zones barred to foreigners absolutely prohibited large holdings."

GERMAN TROOPS TO FRANKFORT

(*By Associated Press.*)

Coblenz, April 3— German troops opposite the Coblenz bridgehead began moving early Thursday toward Frankfort, where a Spartacan revolt has been causing disorder.

Before entering Frankfort, which is in the neutral zone beyond the French bridgehead base on Mayence, the German military authorities had to obtain permission from the French Tenth army.

According to information reaching American headquarters here, the trouble in Frankfort became serious Tuesday. The workmen formed groups in the streets and eventually a mob of more than ten thousand began parading through the streets. The mob stormed a large warehouse and the members helped themselves to the food stored there. Hundreds filled baskets and sacks with food of various kinds.

Street fighting followed an attempt by the local authorities to gain control of the situation. The German troops opposite the American bridgehead were then called on for help.

SEVERAL HUNDRED KILLED.

London, April 3—Several hundred persons were killed in further rioting at Frankfort-on-the-Main Tuesday, according to a Copenagen dispatch to the Exchange Telegraph company. The hotels of the city were plundered.

In the fighting at Stutgart the message adds, a violent crowd attacked the town hall, which was occupied by government troops. The crowd, however, was beaten off. Frankfort is reported without water or light.

MARKET BULLETIN BY R. R. MANAGERS

Memphis, Tenn., April 3—J. L. Edwards, manager of the railroad administration's agricultural development section, announced here last night that the railroad administration soon would institute a market bulletin service, giving information as to agricultural products available for market in all sections and also the needs of consumers in particular localities.

DENY DISORDER IN BELGRADE NOW

(*By Associated Press.*)

Budapest, March 30. — (via Vienna Sunday)—Communist Budapest is orderly and the government is putting forth every effort to stabilize conditions. There are pessimists, however, who declare the government will endure less than a month, it being pointed out that its success will be partially dependent upon the success of the Russian Bolsheviki army to establish a corridor from Kiev to Budapest by way of Bessarabia and Bukowina.

Bela Kun, the foreign minister, is most anxious to deny reports relative to the Communization of women in Hungary, which he declares to be "preposterous." He also denies rumors of assassinations and disorders.

OPPOSE HOME RULE ON UTILITIES

Springfield, April 3.—Further arguments against repeal or amendment of the state public utilities act were made by representatives of public utilities concerns, banking interests and commercial associations before the Senate public utilities committee in the Senate chamber late yesterday. The committee adjourned without acting on any of the bills before it.

Opponents of the Illinois Municipal League were out in force and more than a dozen speakers appeared to challenge the, position of the league that "home rule" in the control of utilities is necessary. Cities were heard two weeks ago.

B. P. Alschuler of Aurora, who said he represented sixty-one utilities companies, declared the plea for home rule was prompted by personal prejudice and that it would be just as reasonable to ask the abolishment of courts, because they rendered adverse decisions, as to seek the elimination of the public utilities commission.

The senate executive committee tonight voted to dismiss complaints against Walter A. Shaw, minority member of the public utilities commission, and to recommend the concurrence of the senate in his reappointment by Gov. Lowden together with the other sitting members. The complaints against Commissioner Shaw were said to have been filed by a former employe of the commission who was asked to resign.

PLAN TO RULE MUNICH PRESS

By Associated Press.

Munich, Wednesday, April 2—Munich newspapers were told today that they were given three choices if they wish to continue operations—The adoption of syndicalism, communism or state ownership. This announcement was made by the newly appointed economic ministry official, Dr. Neurath, who was named at the instance of the minister of the interior to handle the socialization of the press.

Editors have not ventured to answer the announcement of Dr. Neurath, since the pressure exerted upon them effectually prevents public utterance.

RULING ADMITS I. W. W.'S TO BAIL

Chicago, April 3—Thirty-seven of the 93 I. W. W. convicted last September of conspiracy to violate the espionage act and now in Leavenworth prison were ordered admitted to bail late Wednesday by the United States circuit court of appeals pending review of their conviction on appeal.

Bail ranged from $15,000 for William D. Haywood, international secretary, down to $1,000 for five of the prisoners. The total amount of bail will require scheduling of property valued at more than $1,000,000.

The 93 I. W. W. were sentenced by federal Judge Landis' court from one to twenty years. Haywoods sentence was 20 years. Fifty-six of them did not ask bail.

LOWDEN FROWNS ON CEMENT BIDS

Springfield, April 3—Bids on cement for Illinois' big road building projects, offered by manufacturers yesterday and average $1.70 a barrel, not at the mill, are said to be unsatisfactory to Gov. Lowden who called the bidders to his private office this afternoon and told them so.

The bids are said to be about 10 cents under those formerly made by the cement men.

It is estimated that 2,000,000 barrels of cement will be needed in the immediate future to complete the road building work contemplated.

Gov. Lowden has announced that work will not be commenced until prices are "within reason."

DANIELS IN ROME FOR CONFERENCE

Rome, Wednesday, April 2—Josephus Daniels, American secretary of the navy, arrived here today and was met by American Ambassador Thomas Nelson Page and Vice Admiral Delbono, Italian minister of marine. He will confer with Italian authorities on Italy's after-the-war problems, particularly coal tonnage.

LEFT BANK OF RHINE NEUTRAL

Council of Four So Decides Until Germany Pays Up.

(*By Associated Press.*)

Paris, April 3—The council of four has virtually decided, according to information from French sources, that the left bank of the Rhine will be neutralized until Germany has paid the indemnities fixed by the peace conference. It is understood that French and Belgian troops will hold this territory, the United States claiming it to be impossible to leave American troops in Europe after the signature of the peace treaty, and England having insufficient effective troops to maintain garrisons along the Rhine.

It is surmised that the visit of King Albert of Belgium to Paris was not unconnected with the share that Belgian troops will be asked to undertake in this territory.

TAKE FLING AT SMUTS.

Paris, April 3—One of the happenings in peace conference circles yesterday is alluded to unitedly by the Matin and the Journal today as a great event." The council of four actually issued a communique, the newspapers point out, but it is added it was only to tell us that General Smuts is going to investigate Hungary."

The Smuts appointment is one which these two and most of the other newspapers condemn, instancing as a bad omen the manner in which General Smuts conducted the negotiations in Switzerland early in 1918 with Count Mensdorff-Pouilly-Dietrichstein, the Austro-Hungarian ambassador at London at the outbreak of the war, in which it had been charged by Paris newspapers that the bluntness of General Smuts choked off possible negotiations by Austria-Hungary for a separate peace.

The commentators see in the announcement of the Smuts mission yet another procrastination by the peace conference. Its step is pointed out as all the more disappointing because of the hope raised by the recent summoning into conference of General Mangin, a man of action, who, it is reported, now is going back to his headquarters on the Rhine.

RESUMES WAR ON SCHOOL SOCIETIES

Springfield, Ill., April 3—War on fraternities, sororities and secret societies in high schools was resumed in the legislature today when Senator Henry W. Austin, Republican, of Chicago introduced a bill making it a misdemeanor to be a member of such organizations and fixing a penalty of from $25 to $100 for each offense. School authorities would be empowered to expel or suspend any offender.

A similar bill was passed by the last general assembly, but it was vetoed by Governor Lowden.

Both houses adjourned at noon under a joint resolution extending the week end recess to Tuesday morning.

Speaker Shanahan said it was the plan to begin holding Friday sessions next week, and that a little later the house would convene Monday afternoons.

Representative Richard R. Meents, chairman of the house roads and bridges committee, today introduced the bill of the department of public works and buildings appropriating $12,000,000 to meet a similar amount from the federal government for hard roads. This will make available during the biennium $24,000,000 for federal aid highways.

IOWA SECRETARY OF STATE QUITS

Des Moines, April 3— William S. Allen has resigned as Iowa's secretary of state effective next July it was announced yesterday by Senator Arney, chairman of the Senate departmental affairs subcommittee which has been investigating conduct of Allen's office.

The report of the sub-committee, it was stated charged Allen with mismanagement and incompetency in handling registration of motor vehicles, and declared he "had permitted the time of employes of the office to be used on his political ambitions."

NAMES NEW SECRETARY.

Des Moines, Ia., April 3—Walter C. Ramsay of Belmond will become Iowa's secretary of state July 1, when the resignation of W. S. Allen is effective the appointment of Ramsay was announced today by Governor W. L. Harding, when he accepted Allen's resignation.

BRITISH PLAN TO GROW FLAX

London, April 3.—(via Montreal)—Sir R. S. Horne, minister of labor, stated in the house of commons today that the government was obtaining expert advice in regard to the possibilities of a plan for forming a colony of former members of the military and naval services to develop flax growing in British East Africa, which would involve a considerable money grant by the state.

URGE REVISION OF HANDLING LABOR

Washington April 3—A new era in Great Britain's industrial system is being fostered by the government, the employers and the workers, declared the employers' industrial commission sent abroad by the department of labor, in its report to Secretary Wilson, which was made public last night.

American business men, said an announcement accompanying the commission's findings, "must quickly revise their ideas regarding methods of handling labor, if the movement toward radical socialism, generally described in a loose way as Bolshevism, is to be offset in the United States."

The commission, composed entirely of employers, was headed by E. T. Gundlach, of Chicago. Others on the commission were: R. J. Caldwell, New York; Dorr E. Felt, Chicago; William H. Ingersoll, New York, Eldon B. Keith, Brockton, Mass., and R. H. Otis, Atlanta.

ERZBERGER AND STAFF AT SPA

Spa, Wednesday, April 2.—Mathias Erzberger, head of the German armistice commission, arrived here today, accompanied by a number of technical and other advisers, including the chief burgomaster of Danzig. Before leaving Berlin, Erzberger had a final consultation with representatives of all parties at which an agreement was reached as to the attitude to be adopted in the negotiations with Allied representatives here. It seems that the sentiment of the Germans is favorable to a settlement of the Danzig controversy.

Marshal Foch's train is due to arrive here at 8:30 o'clock Thursday morning and the conference, at which the Danzig questic will be settled is fixed for 10 o'clock at Villa Neubers, the residence of General Nudant.

BAKERS FIGHT ON NIGHT WORK

Chicago, April 3—The baking industry in America may be completely revolutionized, if "organized" labor carries out its demands for abolition of night work, according to leading master bakers.

The national headquarters here of the Bakers' and Confectionary Workers' International Union of America has sent an address to every local in the country urging that formal demand for abolition of work between 11 p. m. and 6 a. m. be made when wage scales for the year are presented to employers on May 1.

Each local will be permitted to take steps as it seems necessary to enforce the demands.

In vigorously opposing the demands, master bakers assert that 75 per cent of bakery goods is produced after midnight, that the public demands fresh bread each morning, and that the change would greatly reduce output or necessitate costly expansion of plants and machinery. In other case, they say, the cost of the 1,500,000 loaves of bread produced daily in Chicago would be increased to the consumer and that other cities probably would follow the same course.

PLAN WORLD WIDE TELEPHONE SYSTEM

New York, April 3.—Plans for a world-wide wireless telephone system are being considered by the General Electric company, according to a statement made by Ernst F. W. Alexanderson, consulting engineer of the company, in an address here yesterday before the American Institute of Radio Engineers.

Mr. Alexanderson declared that two devices invented by him—the bridge receiver and the barrage receiver—would make possible introduction of such a system, so that business deals could be transacted in a few minutes by persons thousands of miles apart.

URGES ACTION TO STOP BOLSHEVISM

Washington, April 3—Drastic action by congress to check the alarming spread of Bolsheviki doctrines in this country was urged by Lieutenant General Nelson A. Miles, retired, in an address here last night before the Loyal Legion. The speaker declared the safety of the nation depended upon quick and effective action and unless steps were taken to prevent the spread of the "red peril," the country soon would be in the throes of revolution and anarchy.

AUSTRALIAN WOMEN BAR GERMAN GOODS

Melbourne, Australia, Wednesday, April 2—(Via Montreal)—The Empire Trade Defense association has been formed. It consists of women, and is pledged to purchase no goods of enemy origin.

FOURTH FOOD CARGO NEAR GERMANY

Hamburg, Tuesday April 1—An American ship bearing food supplies left Cuxhaven for Hamburg today. This is the fourth ship bearing foodstuffs for Germany that has arrived or is near port.

RETAIN HEAVY U. S. ARTILLERY

Huge Batteries to Be Part of National Defense Plan.

Washington, April 3—The American army will retain permanently some of the artillery organizations which are an outgrowth of the war. Among these, according to the reorganization plans which have been approved, are 155 mm. rifles, the weapon relied upon largely in the closing days of the war for barrage work, eight inch and 9.2 inch field howitzers; heavy railway guns, including 12-inch, 14-inch and 16-inch mortars, howitzers and rifles; trench mortar units and anti-aircraft batteries, including motorized machine gun units for the purpose of protecting troops on the march from attack from the air.

Personnel for the heavy batteries, the eight inch and 9.2 inch guns, will come from the coast artillery which will also man four regiments of railway artillery. The railway guns will constitute mobile coast defenses, but are to be available for use in the field if circumstances require.

One departure from war-time organization is the abandonment of trench mortar batteries with the divisions. Instead, a single trench mortar regiment will be organized as a part of the army artillery to be assigned for duty by the army commander.

Another new element is the assignment of two anti-aircraft sectors to the army artillery. These units, personnel also to come from the coast artillery, will include the larger guns for fire against aircraft and will be provided with searchlights to spot night raiders and sound and flash ranging equipments to locate either air raiders of concealed guns.

1700 PLANES IN AIR FLEET

Washington, April 3—Army reorganization plans upon which the War Department is now working provide for an air service with approximately 3,700 airplanes in actual commission and a minimum available reserve of 3100 additional planes. This is based upon the proposed military establishment of 509,000 men in which total the air service personnel will be 1,923 officers and 21,853 men.

The air forces on a peace basis will be comprised of 87 service squadrons of which 42 will be assigned to coast defense work in the United States and insular possessions; 20 will be pursuit squadrons and 25 observation and bombing squadrons. The typical army airplane squadron includes 18 planes in service and their personnel.

Tables of organization also call for the maintenance of 42 balloon companies divided into three wings of 14 companies each.

THREATENS NEW MEXICAN REVOLT

New York, April 3—General Aurelio Blanquet, Mexican minister of war during the administration of President Victoriano Huerta, and described as second in command to General Felix Diaz, recently reported as having undertaken a revolutionary movement against President Carranza, has arrived safely in Mexico "after a very dangerous trip," according to an announcement made here today by Roberto Gayon, his secretary.

The purpose of General Blanquet's return, Mr. Gayon said, was to reorganize the Diaz forces, overthrow the Carranza government and re-establish the constitution of 1857, which he says was repudiated by Carranza, and revoke the alleged confiscatory decrees of the present government.

PEACE AGREEMENT BEFORE EASTER

Paris, April 3—"I have always thought, and think more than ever today, that the peace preliminaries to be imposed upon Germany will be ready before Easter unless something unexpected arises," said Stephen Pichon, foreign minister, yesterday, in reply to questioners at a banquet given by French republican journalists, according to the Matin.

MAIENTHAL BROS

SAILED ACROSS WITH PRESIDENT

Ensign Frank C. Myer Tells of Trip.

SALUTE OF 21 GUNS

Geo. Washington Through Terrific "Blow."

Frank C. Myer, Jr., of Decatur, who was assigned to the U. S. S. George Washington just in time to make the last trip across with President Wilson, has now completed the first round trip. He writes the following interesting account to his folks here.

"At Sea, March 22, 1919.

"Dear Father and All: We are just three days out of New York. The navigator has it figured that we will dock at Pier No. 4 in Hoboken at 7 o'clock Tuesday evening, the night of the 25th.

"Our trip has been a fine one. The President, Mrs. Wilson and the President's staff came on board at 11 o'clock the night of March 4. There were no honors rendered as it was after sundown. The President and Mrs. Wilson immediately went to their suite and retired for the night.

FIRED A SALUTE

"In the morning at 8 o'clock, we shoved off and got underway. As soon as we were clear of the dock, we fired a salute of twenty-one guns, the number which only the President rates. We then headed for sea. In the harbor we passed a number of warships which also fired a salute of twenty-one guns. It was a wonderful sight and it put one very much in mind of a battle instead of a salute. In the lower bay, we were met by four destroyers and the super-dreadnaught Montana. These ships acted as our convoy.

"In the harbor, there were hundreds of boats around with thousands of people on them to cheer the President as he started for France. At the same time there were thirty hydroplanes and a number of balloons flying around above us. They followed us about thirty miles out to sea and then turned and headed for New York.

TERRIBLE BLOW

"We had beautiful weather for four days, then a terrible blow. The waves were very high but did not affect us very much as our ship is 722 feet long and can stand most any kind of seas. It was sure hard on the little destroyers that was in our convoy. At times during the storm, they would go completely out of sight behind the waves. They kept plugging right along and we did not lose them at any time. They are a powerful little ship.

"After this one bad day, the rest of the trip was in fine weather. We arrived at Brest in the evening about 8 o'clock. At Brest, it is usually rainy and foggy but the night we arrived, it was as clear as could be and the moon shone brightly.

"The trip over as a whole, was pleasant. During the afternoon there was always a picture show and everyone no on watch or duty could attend. There was also a picture shown in the evenings. These were always attended by the President and Mrs. Wilson. These were held in the main dining room, which has a capacity of about 500.

NOTABLES ABOARD

"When we arrived in Brest, the boat came alongside to take the Presidential party ashore. There were a number of French notables aboard it and they came on board our ship and held a short ceromony of welcome.

"We were not given shore leave the first night but went ashore early the next day. Left our ship at 10 and arrived at Brest at 10:30. The dock in Brest is on the main street known as the Rue de Siam. It is a very funny street, being long, narrow and hilly. We started to walk up the street and had gone a few blocks when I ran into a Decatur boy by the name of Grover Jenkins. One's first impression of Brest is really funny. The people are a queer looking lot, that is most of them, and the war has surely placed some terrible hardships on them. Nearly every one wears wooden shoes just like the people of Holland. The meals that you buy in the very best restaurants are very poor. The meat is bad. Sometimes it is horse and sometimes beef. You can't tell the difference when you're eating it so it doesn't matter. The bread is the old brown bread with very little flour in it.

SMALL STREET CARS

"The street cars are the same size as the very first car that was ever run in Decatur. There are a number of beautiful convents there, which we saw from the outside. I visited the famous Chateau. We left Brest at 3 o'clock Sunday evening and put to sea. We have on board 6000 soldiers, two hundred army officers and two hundred nurses. We have had a fine time coming back to the U. S. A. Movies every afternoon and a dance and movies every night. If we were not on watch, we could attend any of these.

"We increased our speed last night and are due to arrive in New York Tuesday afternoon instead of night. Don't know how long we will be in port. The next trip we make, we are going to try to get leave and visit Paris and the battle front. Do not want to miss this opportunity.

Advantages Of A Ford Car

SIMPLICITY—The simplicity of the Ford is one of its chief recommendations. Each part is standardized. It is made to fulfill its special function WELL. Ford owners readily acquire complete working knowledge of every part and are spared many a garage bill in consequence. Furthermore, the fewer the working parts the less frequently does a car give trouble.

FREEDOM FROM CAR TROUBLE—Everyone knows that a Ford will stand more abuse than any other car. It will also thrive on good treatment more than any other. By that we mean this:—if you take care of your Ford it will outlast more expensive automobiles, go where they cannot, render every service you require, and if you ever want to sell it will show less depreciation than any other car.

LOW OPERATING COST—It costs little to operate a Ford. Fords give high mileage as measured by gas and oil consumption and wear and tear on tires. Then, too, Ford parts, tires and accessories cost less than others.

FORD SERVICE—You will find a Ford Service station in any village which is able to boast any service station at all. Ford mechanics, parts and accessories are obtainable anywhere in the county, wherever you go.

Ford Trucks Lead—Others Follow

The same features of construction and service which have made the Ford passenger car the most popular car on the market have pushed the Ford Truck into the front ranks of business cars. Strong, sturdy, and economical of operation, it is the BEST truck for 99 concerns out of 100.

TIME TO MAKE A NOISE

Representative Smejkal has a bill in the legislature that provides another tax to be levied against corporations trying to do business in Illinois. The possible revenue is estimated all the way from four to fifteen millions a year.

It is told this bill is meeting stiff opposition, presumably from some of the intended victims. We need not be surprised at this, it is bound to come some time.

In a city in central Illinois two concerns are in business, or one is in business and the other is professional. The one that is in business is owned practically entirely by two men, who have $100,000 invested. The professional firm has an investment of possibly $1,000.

Each of these activities made a gross profit of close to $25,000 for the year 1918. The two men in business are a corporation. Their income tax on the year's business was close to $10,000. In addition to this each member will have to pay a tax on personal income.

The men in the profession had profits for the year of $25,000, say, which was close to the figure. They divided this, giving each $12,500. Each of these men paid about $1,000 income tax, $2,000 in all. Out of their profits of $25,000 they had $23,000 net for themselves.

The two men doing business as a corporation had less than $15,000 net for themselves from gross profits of $25,000. They were soaked for $8,000 more taxes, income taxes, than the two men who were just a partnership, though both sets had made the same profits for the year.

And now in the Smejkal bill it is proposed to hit the corporation men another lick. The theory on which this is done is that they will stand for it, therefore let them have it.

We have had application of this theory for a good many years in this country, and all the time the disposition seems to be to pile on the agony a little more deeply. Of course this will be kept up until men in corporations learn to defend themselves against discrimination.

If a fellow will stand for a tough deal, he is pretty likely to get it.

WE SOLD THE WHEAT.

There is difficulty in this country in keeping the price of flour within reasonable bounds. To help along in this effort, it is announced from Washington that exports of flour or wheat to neutral countries of Europe will be forbidden.

What is the trouble with the flour men? It seems it isn't with them, but is something that is in the situation. Within a short period the grain administration in this country sold 40,000,000 bushels of wheat to local millers, sold it at the regular and guaranteed price. This was done to help out the millers and consumers, for the open market price was inclined to go higher.

And as a matter of fact millers in this country have been paying more than the guaranteed price in an effort to stock up ahead a little on wheat. At the same time we are told there is much more wheat in elevators in the country than there was a year ago.

The difficulty is that the greater part of the wheat in elevators here does not belong to us; it belongs to the Allied nations in Europe. They bought it some time since, they have paid for it, and it is theirs. This leaves us a little short on wheat that is our own. This will continue in a measure until the next crop comes in, say three months or a hundred days from now.

NOT ALTOGETHER WASTED

Postmaster General Burleson says that no blanket increase in telephone rates, similar to the advance ordered recently in telegraph rates, is contemplated.

How did the reporter happen to ask Mr. Burleson about this? It must be the inquiry was turned in by some member of the public. It appears that several innocent bystanders have come to expect turns of this kind from Mr. Burleson.

He says that a similar blanket increase is not contemplated, by which he means is not now contemplated. But what will he be contemplating in a week or a month? Of course he reserves to himself liberty of contemplation.

We suspect he will contemplate something. We can't bring ourselves to believe he will contemplate a reduction in charges. It follows he is likely to do the other thing.

However, Postmaster General Burleson is not all lost motion; he does serve a purpose. He is the man who is doing more than anybody else to make government ownership unpopular in this country. Give him credit for this, for he needs it.

WHY THOMPSON WON.

William Hale Thompson is again elected mayor of Chicago. This is by no means a surprise to many who tried to get a line on the situation in that city.

There is a certain vote in Chicago that can be expected to go solidly to Thompson, and it is big in numbers. He has that much to start with, and to defeat this vote in that city it is necessary for the opposition to be united.

Well, the opposition was not united. Altogether it had about five candidates in the field, and a big noise was made in behalf of every one of these.

Thompson had 37 per cent of the vote cast in the election of Tuesday. This left 63 per cent of the vote to the opposition. Usually people should win with 63 per cent of the vote, but they don't when they split it up badly.

In this case the 37 per cent was enough to win. It doesn't speak highly for the political sense of the opposition. When a house is divided against itself, split in five ways from the center, you can expect it to do the foolish thing.

HE RUNS ON FOREVER

Hinky Dink in Chicago has served as alderman from the First ward for twenty-eight years and now he is elected for another two years. The man's name as it appears on the official ballot is Michael Kenna, but they vote for him because he is Hinky Dink.

Probably all of the clever crowd in Chicago has been poking fun and sarcasm at Hinky Dink for just twenty-eight years. But he seems to get along on the diet. We can't see but that he wears just as well, that is endures as long, as if they called him "Dean of the council."

There is to an outsider something strange about this man's case. They have been piling ridicule on him for twenty-eight years, and in all this time he hasn't missed fire once. Many of those who poked fun at him were among the cleverest artists in their various lines ever produced in Chicago. And yet in fifteen elections he has finished smiling every time.

Also the very serious-minded, the militant reformers, have frequently entered the ring against Hinky Dink. They tried him a round, and then passed out and made room for the next jouster. Hinky Dink has seen them all come and go, and he is still on the job.

It is about as remarkable a performance as you will find in practical politics. Why is Hinky Dink?

JUST AS WELL PRINT IT.

The world is hearing a good deal about some secret treaties between Japan and China. About once a week there is a warning from Japan that if the Chinese make public these treaties something is likely to drop, and China will not be standing from under. Then there is a guess that the treaties will be made public at a later date.

Is it possible to keep a treaty of consequence from the world at this time, that is after the curiosity of the world is once excited? It should not be possible. The carrying out of a big secret treaty is something that surely involves the participation of a good many men, several hundred at least, and perhaps several thousand. How is a thing to be kept secret long after it has been told to a hundred?

It occurs to the bystander that the Japanese had just as well let the thing come out. They may not like the looks of it in print, but it will not be any prettier when peddled up and down the back stairs; and it will travel just as far.

Ten Years Ago Today In Decatur

APRIL 3, 1909.

Business men were making complaints of the noise made by phonographs and electric pianos in front of local movie theaters.

A daughter was born to Mr. and Mrs. James Duggan, 1430 E. William St.

The Cardinals, amateur ball team, was reorganized by Manager Grover Bowman. They were scheduled to open at Monticello April 25.

The scheduled debate between Attorney James Loar of Bloomington and a Mormon elder on Mormonism, was held, the latter failing to appear. A crowd was present however and heard Loar deliver an address.

TWENTY YEARS AGO TODAY

Mrs. J. W. Graham received a painful injury when her horse became unmanageable and she was thrown from the buggy.

Gov. R. J. Oglesby of Elkhart was visiting J. J. Peddecord.

Mr. and Mrs. A. W. Conklin returned from spending the winter in Florida.

Mrs. T. B. Spaulding, who was in Prescott, Ariz., for her health, wrote her husband of her improved condition.

The March hobo record at Short street station showed 337 sheltered from the weather.

SAYS WAR ENDED MUCH TOO SOON

Soldier Thinks Germany Was not Properly Licked.

Lieutenant B. H. Whitlock of the 20th Aerial service arrived in Decatur at noon Tuesday in a wheeled chair. He is suffering from muscular rheumatism and not from wounds or gas. He has been for some time at Attica, Ind., and is on his way home to Arthur, Ill. He is much improved but is not yet able to walk. He was taken in charge by the canteen committee when he was helped off the train and looked after by them until his train left for Arthur at 3:20 p. m. He was overseas a year and a half.

A Canadian soldier, who also arrived in Decatur on Wabash train No. 9, was entertained by the canteen. His home is in Springfield and he was on his way back after his discharge. He was in the service three years, going to Canada to enlist before the United States got into the war. He is a veteran of several hard fought campaigns. The armistice was signed too soon, he says. Germany was not properly and sufficiently licked, but would have been in a very few more days. The entrance of the United States into the war shortened the period of the war by three years and saved many thousands of lives.

A naval lieutenant, who is on his way to Bombay, India, was a guest of the canteen Tuesday forenoon. He has been ordered to report for duty after a furlough.

MAROA.

A. K. Hazel of Fairbury was in the city Tuesday looking over the field with a view of starting in a new line of business for Maroa.

At the annual town meeting Tuesday it was decided to levy a special tax of $100 to build a new house in precinct No. 2 to be used as a voting place. It will be built just south of the Illinois Central freight depot.

The proposal to move the postoffice to a new site in the central part of the business section has been delayed by reason of the fact that the department at Washington now wishes to have a room fully equipped, including heat and light. On the call of the department for bids, only one was submitted and the department considered it too high.

A petition was filed Monday for T. C. Grady for re-election to the office of mayor and a petition for W. W. Smart for re-election as alderman from the third ward.

Bids for the new Methodist parsonage were considered higher than the committee cared to accept and the matter of building is being held up pending some alterations in the plans to more nearly conform to the amount pledged.

The vote at Tuesday's election was light, there being only one ticket in the field. L. E. Rogers was re-elected supervisor and C. D. Nawlin cemetery trustee.

Charles Kincaid visited his mother at Mattoon over Sunday.

Rev. F. L. Harper and wife returned home Wednesday from Ohio where Mrs. Harper had been visiting several weeks with her mother.

SEVENTY-SEVENTH DIVISION

The soldiers of the Seventy-seventh division wear on their shoulders the insignia consisting of a golden statue of Liberty on a field of blue. This division is made up of troops from New York. The Seventy-seventh division is over seas. It has been over there for the past eleven months and has a membership of 24,058 men.

ROY KELLINGTON HEARS EXPLOSION

Writes of Excitement at Aberdeen Grounds.

Roy I. Kellington, son of Mr. and Mrs. Newton Kellington, who is at the Aberdeen Proving Grounds at Baltimore, Md., writes about the recent explosion there as follows:

"March 25, 1919.

"Dear Folks:

"Just in case you should see something in the newspaper that might make you a little uneasy I am writing to prevent worry if possible.

"Big excitement in camp today. I was laying on my bunk taking a rest after eating dinner, when a terrific explosion fairly shook the whole camp. I sprang to my feet, for I knew that something was wrong. Looking out the front door we saw a column of smoke several hundred feet high in the direction of the trench warfare range. I pulled on my coat and ran all the way down to the garage, for we men at the garage always have to be on the job when anything unusual happens. At the garage they were all standing open mouthed and watching the flames which were now visible though some distance away. I looked my car all over to see that it was all 'tanked up' and 'roarin' to go and as I started through the garage a second explosion many times as powerful as the first, took place. All the windows in the west side of the garage were shattered, frames and all, and the glass was thrown clear across the width of the garage. I don't see how in the world I ever escaped being cut for the glass was thick and I was literally covered on one side and I tell you it was the first time since my enlistment that I have been really scared.

WRECKED.

"I decided that outside was the place for me and I made for the open. After a little while a third explosion occurred but it was light and did no damage. When it was all over I made the rounds with Captain Shapiro to look over the buildings and ascertain extent of the damage. Hardly a building on the post had all the windows intact and nearly all the barracks where the 2nd Co. used to be were wrecked.

"Well I guess that will cover the subject sufficiently for this time. Will write more when I get details.

"As ever,
"ROY I. KELLINGTON
"Co. F. Bks., 312."

GETTING READY TO FIGHT INSECTS

Heavy Sales of Spraying Materials to Farmers and Gardeners.

"Lots of spraying materials going out now," said a drug man yesterday. Farmers are buying lime-sulphur, arsenate of lead, Bordeaux mixture, etc as they never bought them before. Evidently they are preparing for bitter war on orchard and garden pests. One man yesterday bought a barrel of sulphur flowers with the intention of making his own lime-sulphur.

"It can be done," said the drug man, "but he is likely to have some trouble if he does not know how." This man probably knows how.

The sale of spraying materials by his own house amounts to $20 to $30 a day, according to the authority above quoted. There is also a strong demand for spraying instructions. Some of the concerns that manufacture spraying materials furnish booklets telling how and when to spray for the different kinds of pests. The state college of agriculture and the department of agriculture at Washington also furnish bulletins and circulars on spraying.

RETURN FROM AUTOMOBILE TRIP

G. W. Jagers and R. H. Campbell Found Roads Excellent.

G. W. Jagers, president of the Comet Automobile Co., and R. H. Campbell, purchasing agent, returned from a motor trip to Molino, Rock Island and Davenport Tuesday night.

They used the new model Comet car which was recently turned out and they found the car performing exceedingly well.

Roads were fairly good nearly everywhere. Some rough spots but it was possible to go at a good speed most of the time.

Soldiers Return From Overseas

FRED HEIL

HARRY ROBB

Fred Heil has arrived at the home of his mother, Mrs. E. J. Sanders, 1358 North Railroad avenue, from Camp Grant. While he was with the 33rd Division at the Verdun Front, he received between twenty and twenty-five bullet and shrapnel wounds on his left leg.

Mrs. Harry Robb, 435 North Morgan street, received a message from her son, Harry, on Tuesday from the boat Leviathan stating that he expected to land in Hoboken on Wednesday.

HAVE USE OF LAND UNTIL FLOODED

Ground Bought for Lake Can Be Occupied by Former Owners.

A number of people who would like to rent it have asked what the city intends to do with the land it has purchased southeast of the city and which will be covered by the lake when the new dam is finished.

When the city bought that land the owners were given the privilege of using it at their own risk of flood damage until such a time as the building of the new dam caused the land to be overflowed. Therefore, if the former owners do not care to use it themselves they can rent it to others.

RAMSEY.

Mr. and Mrs. Earl Franks and Mrs. Fannie Bingham of Vandalia have returned to their home after a few days' visit with relatives here.

Mr. and Mrs. Leonard Scott have returned to Springfield after a short stay in Ramsey with relatives.

Miss Nettie Hunt, a Red Cross nurse from Ramsey, is in Brest, France. Miss Hunt is helping in a canteen on the pier where they feed 3,000 soldiers a day.

Mrs. H. L. Haynes, who has been confined to her home for the past two weeks is able to be out again.

Adjutant General Dickson who was here attending the funeral of his aunt, Mrs. Lillie Stoddard was taken to Nonga on a special train Saturday to make connection so he could reach Kankakee where he had promised to speak in the evening.

The Ben Hur Literary club met at the home of Mrs. C. Lindhorst Wednesday.

The Aid will give a bunco at Hayes Opera house April 8.

There is to be a class play given by the Ramsey school at Hayes Opera house Friday night.

The M. E. H. M. society met with Rev. McCracken, Tuesday afternoon.

Ed Lankford was elected as supervisor at the Tuesday's election.

Mrs. Orlo Soper of Cuba, Mo. is visiting her parents, Mr. and Mrs. M. James.

ASSUMPTION.

Mrs. Helen Pour Fuller is entertaining her mother-in law, Mrs. Fuller of Normal.

Miss Eleanor Lachelle, spent Tuesday in Decatur.

Miss Edna Jones and Miss Mollie Stewart were Pana visitors Monday.

Mr. and Mrs. Leo Johnson were Decatur visitors Tuesday.

In the township election held Tuesday Leo Larochelle was elected supervisor and Joseph DeWalt, Justice of the Peace. The weather conditions were ideal and a big vote was polled. Larochelle is a Democrat, the first supervisor we have had of that politics for four years.

Born Wednesday, April 2, to Mr. and Mrs. Emile Durnier, a daughter.

The gardens, lawns and wheat need some rain. The wheat in this vicinity never looked better and the acreage sown is quite large. There is some complaint, west of this city and near Owaneco of the presence of the fly which some times injures the wheat crop badly, however, it is hoped that the damage will be slight and should a few good heavy rains come, it will aid very materially, in disposing with the pest.

Mrs. Thomas Rowley visited her farm near Radford Tuesday.

Sarah Johnson came home Monday from Joplin for a few days' visit with her parents, Dr. and Mrs. R. W. Johnson.

BEMENT HERO AND HIS FRENCH BRIDE

With Baby Boy Born on Ship Expected Soon.

Bement, April 3—Homer Wilkinson, a former Bement boy, went to war with both eyes open for adventure, glory and romance. And, being a dare-devil, keen, and an easy-to-look-at sort of a fellow he gained his three objectives in short order.

Wilkinson went in as a novice flyer in naval air forces. He comes out an officer, a hero, the husband of a French girl and the father of a son born in mid-ocean.

A few days after the United States declared war, Arthur Wilkinson, of this city, Homer's uncle, got word that the boy had enlisted. It wasn't long before the word came that he had been made a lieutenant.

HERO IN AERIAL COMBAT.

That was all for several months, when newspaper reports told of a thrilling battle between British-American and Hun flying forces over the North Sea. Lieut. Homer Wilkinson was named as one of the Allied heroes and was cited for various decorations.

Next came a letter from Homer informing his relatives that when he came back from the war he would bring a French bride with him.

ONE NARROW ESCAPE.

Evidently the double duty of fighting Huns and courting kept him pretty well occupied after that, for many months passed before any further word reached his relatives and again he left it to the news cables to pass out the information. This time the dispatch told how Lieut. Wilkinson with another flyer had been picked up by a liner far off the coast of France after clinging for three days and nights to a disabled seaplane. Five minutes after the men were pulled aboard the ship the remnants of the air craft sank below the waves.

Later came a letter with a very brief, modest story of that and other exploits, also the news that he had married the French girl.

It fell to the newspapers to narrate the last chapter, up-to-date of Lieut. Wilkinson's war history. This was the announcement that his French wife had landed at New York with a son born on the ship halfway between France and America.

Now Arthur Wilkinson eyes the passengers from every train that stops here. He's hoping to see his nephew with his shoulder bars, hero medals, French wife and Franco-American son coming up the street from the station.

Miss Dollie Webb of Bement, a graduate of class 1915 Bement high school, is one of the class of twelve nurses graduated April 2 from the Decatur and Macon county hospital. She will take the state nurse's examination and on April 15 will enter the Macon county hospital as one of the staff, for a term of six months.

K. B. Harlon was in Decatur Wednesday.

Mrs. Arch Peck visited in Monticello Wednesday.

The Woman's Guild increased the amount in their treasury by $79.70 after the concert given Monday night.

MRS. WICKISER OF ALLENVILLE DEAD

Allenville, April 3.—Mrs. Hugh Wickiser age thirty years died at her home here Monday morning after a few days' illness. She had lived all her life in this vicinity. She is survived by her husband, one little daughter, Elizabeth, her mother, Mrs. Sarah Wheeler, three brothers, John, Joel, and Charles Wheeler and five sisters, Mrs. J. W. TINT GRAY HAIR

Don't Tolerate Faded, Streaked, or Bleached Hair; Tint With Brownatone—Safe, Sure Inexpensive.

TRIAL PACKAGE SENT FREE.

Why tolerate streaky gray or bleached hair when it is just as easy to tint your tresses a beautiful brown as it is to powder your face? Brownatone gives the hair bewitching beauty and charm, producing instantly any shade of brown—or black if desired.

"Brownatone Makes Me Look Ten Years Younger"

No other preparation is so simple to apply or so uniform in results. Light spots, gray strands or streaks, and all unnatural shades in the hair are quickly restored to all their original beauty.

Absolutely Harmless.

Brownatone is guaranteed perfectly safe and harmless to both the hair and skin. Contains no poisonous ingredients such as sugar of lead, sulphur, silver, mercury, aniline or coal tar products. It has no odor and is greaseless. You apply it in a few moments with your comb or brush. Any good druggist can supply you. Two colors: "Light to Medium Brown" and "Dark Brown to Black." Two sizes, 35c and $1.15. Insist on the genuine.

"Girl of the Golden Apple" Says *Take Care of Eyebrows*

BY EDITH HYDE.

"The Girl of the Golden Apple."

The eyebrows have almost as much to do with the appearance of the face as the eyes themselves. Beautiful eyebrows help to make beautiful eyes more beautiful, and eyes are "the windows of the soul."

For the woman whose eyebrows are falling out, or are too thin, a solution composed of 10 grammes of 80 per cent alcohol, 100 grammes of boracic acid water and 10 drops of essence of violet may be used with good effect.

If you have greasy eyebrows, a good lotion is made from 100 grammes of rose water, 12 grammes of acetic acid and 12 grammes of tincture of cantharidis, to which should be added 25 grammes of essence of violet.

For the woman who has good well-shaped eyebrows the eyebrow pencil should be banned. Nothing is worse than to see eyebrows with a thick paste of black pencil upon them. In case the eyebrows are too thin, or are not well shaped the discriminating woman can carefully apply a pencil so that her appearance will be greatly improved. Great care should be taken, however, not to make the application of the pencil conspicuous or even obvious. Beauty cannot be obtained wholesale. It is the care in little things that make it possible.

CHARMING PLAY AT THE J. M. U.

"Daughters of Men" to Be Presented Friday.

The play, "Daughters of Men," which is being played by a cast from the Millikin Dramatic Art Club, will be staged in the university auditorium Friday evening of this week.

The play is a Charles Klein production, and has had a big run in the theatres of some of the large cities. It is thought by many people to be Klein's best play and contains many charming scenes. It has to do with a struggle between capital and labor, and it brought especially up to date by the element of Bolshevism which is prevalent in it.

John Steadman, the leader of the laboring people, and the strongest champion of their cause has met and fallen in love with Grace Crosby, the daughter of the principal director of a wealthy corporation. The friends and relatives of the girl bitterly oppose the match, because of Steadman's reputation among men of their class as an agitator and a socialistic fanatic, and because he has constantly worked against their interests.

SETTLEMENT EFFECTED.

After much strife a settlement is effected, and Grace's guardians finally bow to the inevitable by consenting to a marriage between Miss Crosby and Steadman. These leading parts are taken by Eber Spence, as Steadman, and Harriet Price, as Grace. Other characters which play especially important parts in the working out of the plot are Jom Burress, Millbank, and Louise Stolbeck. Lawrence Fritz takes the part of Burress, Marian Walt is Louise, and Myron Lingle is Milbank, one of the owners of the corporation, and the uncle of Grace Crosby. The entire cast is as follows:

Grace Crosby—Harriet Price.
Louise Stolbeck—Marian Walt.
Mrs. Reginald Crosby—Helen Gorham.
John Steadman—Eber Spence.
Millbank—Myron Lingle.
Matthew Crosby—Hubert Robertson.
Reginald Crosby—Leonard Shurtz.
James Thedford—William Hayes.
Jem Burress—Lawrence Fritz.
Stolbeck—Charles Braden.
McCarthy—Edward Halley.
Lackett—Don Smith.
Parker—Charles Smith.

Season tickets for the four plays which are being given this year have been selling rapidly. They are now on sale at the Emerson Piano House and at the College Supply Store. Single admission tickets will be sold for fifty cents plus war tax.

The other three plays which are to be given are, "Let's Get Married," "Husbands on Approval," and "The Passing of the Third Floor Back."

Common Sense About Aching, Perspiring Feet

With many people the feet are subject to constant strain, being the hardest worked members of the body and certainly deserve attention. The blood vessels become gorged and the tissues swollen, causing pain, burning, sweating etc. To overcome this a warm Cal-o-cide foot bath works wonders, bringing instant relief, and its use will keep the feet in perfect condition. Cal-o-cide is a scientific preparation that penetrates the pores and adjusts the cause of the trouble. Get twenty-five cents worth from a druggist and it will be worth that many dollars in comfort.—Adv.

How Much is 1¢

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Royal Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.

BEATTY SENDS RUSSIAN PAPERS

Tells of Battles Against Americans.

Many people believe that all the wars are over and that all is peace in the world. But in the cold wastes of northern Russia, a comparatively small force of Americans, Russians and British are fighting bloody battles with the Bolsheviks every day. And the worst of it is that the Bolsheviks appear to be getting the best of the argument.

Rev. D. C. Beatty of Decatur, who is in army Y. M. C. A. work at Archangel, has sent to The Review copies of the American Sentinel, published by the American troops in that city. This is a small, four-page weekly which gives the Americans a brief outline of the general news of the world. On account of the scarcity of paper in Russia, only a comparatively few can be printed.

ON VAGA RIVER.

The issue of the Sentinel for Feb. 1 tells of an advance by the Bolsheviki troops on the Vaga river section in which they forced the Americans and British to evacuate the town of Shenkursk. The Bolsheviks appear to have a great superiority of artillery, furnished them, it is said, by the Germans.

VICTORY LOAN POEM CONTEST

Jingles and Rhymes to Stimulate the Interest.

To stimulate interest in the Victory loan, the foreign language division of the Illinois Women's Liberty Loan committee has inaugurated a "victory verse" contest, open April 1 and closing April 15. The following is offered as a model:

"Twinkle, twinkle, victory star,
Let no doubt your brightness mar;
Add the fifth point to your tour,
And Uncle Sam will ask no more."

A big, silk banner will be awarded to the winner of this contest, which is open to the state of Illinois. Verses should be addressed to Miss Nellie Browne Duff, chairman, at Springfield.

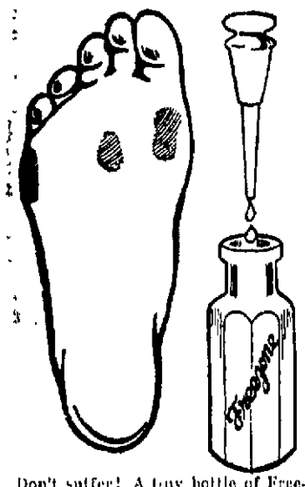
"CALLUS CORNS" LIFT RIGHT OFF

Doesn't hurt a bit to lift them off with fingers



Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

SUFFERED TWO YEARS

"For about two years I suffered with malaria fever and bad blood, trying everything that was recommended to me without benefit.

"Finally someone told me about 'Number 40 For The Blood' and I purchased a bottle from our merchant, Mr. Walter Page, and it did me so much good that I kept on taking it, using in all 3½ bottles. Today I am feeling fine and do not hesitate to recommend it for any trouble for which it is recommended.

"You are at liberty to use this letter any way you desire for I know what Number 40 is."

H. L. BURNETT, Wakulla, Fla.

"Number 40 For The Blood" is compounded from ingredients set down in the U. S. Dispensatory and other authoritative medical books as follows: "Employed in diseases of the glandular system, in blood poison, scrofula, constipation, stomach and liver troubles, chronic rheumatism and catarrh, mercurial and lead poisoning. Under its use nodes, tumors and scrofulous swellings that have withstood all other treatment disappear as if by magic."

THE TRUTH ABOUT ECZEMA AND PILES

Thousands and thousands of people, says Peterson of Buffalo, are learning every week that one 35 cent box of Peterson's Ointment will abolish eczema and banish piles, and the grateful letters I receive every day are worth more to me than money.

I had eczema for many years on my head and could not get anything to do it any good. I saw your ad and got one box and I owe you many thanks for the good it has done me. There isn't a blotch on my head now and I couldn't help but thank Peterson for the cure is great." Miss Mary Hill, 420 Third avenue, Pittsburgh, Pa.

I have had itching piles for 15 years and Peterson's is the only ointment that relieves me, besides the piles seem to have gone. A. B. Ruger, 1127 Washington Avenue, Racine, Wis.

Use Peterson's Ointment for old sores, salt rheum and all skin diseases. Druggists recommend it.

SNIFFLES, SNEEZES, HOARSE WHEEZES

Banish them by using Dr. Bell's Pine-Tar-Honey.

Thousands recommend it. Dr. Bell's Pine-Tar-Honey isn't an experiment, but a cough and cold remedy that has steadily grown popular because it is quickly effective.

For lingering colds or coughs or fresh attacks its balsamic and healing antiseptics are sure to be beneficial. It brings speedy relief from phlegm-congestion, inflammation, tickling bronchial tubes. Good also for hoarseness, coughs due to grippe, and kindred ailments. Economical—a bottle goes a long way. Your druggist sells it.

FREED FROM THE PHYSIC HABIT

Says her constipation ended and stomach trouble left. Tells how.

"I had stomach trouble and constipation very bad for a long time. Tried everything, but kept getting worse. I could hardly eat anything and my bowels wouldn't move unless I took a physic every day. I have to support myself and two children, yet I was not able to work.

"The first bottle of Milks Emulsion did wonders for me, and I have continued its use until now I feel fine and can work every day. I have a good appetite, my stomach trouble has left me, and my bowels are as regular as clock work."—Mrs. Mary Widner, 103 S. Court St., Sioux City, Iowa.

Mrs. Widner found out what all sufferers should know—that pills, salts and physics do not end constipation, but usually make it worse.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Decatur Drug Company.

IF YOU HAVE THE

PILES

I HAVE THE

CURE

You no longer need to endure suffering from piles, and it is your own fault if you do, as you now have nothing to fear, and no excuse for postponing treatment any longer. My painless, dissolvent method never fails to cure piles without cutting, injections, anaesthetic or laying you up. The cures are permanent and guaranteed. Under my treatment constipation disappears like magic.

Examination Free.

Take the advice of an honest specialist and have your piles treated now; don't wait until they have developed into a cancer or fistula.

GREAT DEMAND FOR ICE IS FELT

Polar Company Could Drop Local Business.

PRICE TO STAY SAME

Iceberg Four Stories High Ready for the Summer.

The ice companies of Decatur could look up every wagon, take off duty every truck, save all the bother and tremendous labor of selling ice in Decatur and dispose of their whole outputs to Chicago and other cities and have a larger net profit at the end of the year than they will by taking care of the Decatur trade.

The extraordinarily mild winter has brought about very unusual conditions in the ice business.

BIG SHORTAGE.

Practically no natural ice was harvested this winter south of Milwaukee and there is already a tremendous shortage throughout this part of the country. What it will be in summer no one knows. But the Polar Ice Co., has had orders which would take every pound which the company can make if the company would accept them. Small ice companies are buying their ice here instead of making it in their own plants even where they have the artificial ice machinery, the cost of coal and labor being so high that they find it more economical to buy the finished product than to make it. The Polar Co. has already shipped 130 cars of ice since Jan. 1, right in the middle of the winter, so to speak, as far as the usual ice business is concerned.

PRICE THE SAME.

The ice companies do not expect to advance the price of ice in Decatur. Unless unusual conditions arise they expect to sell on the same basis as last year but that the demand throughout the country is sure to be enormous is now known as a certainty.

An iceberg four stories high is already in storage in the big Polar ice storage building but that is only a small amount when compared with the demand which is certain to arise when the warm days come.

$30,000 CHURCH AT LOVINGTON

Plans for New Methodist Structure.

Lovington, April 8—Work on the new M. E. Church will be begun soon, to replace the old one destroyed by fire Jan. 19.—A meeting of the official board and advisory committee will be held at the parsonage Friday afternoon to complete arrangements, and the plans will be presented to the congregation Sunday morning. The new building will cost about $30,000 and will be modern in every way.

FINE TRIBUTE TO HOSPITAL

Dr. Shepardson Says Decatur's is Best.

"I take off my hat to Decatur" said Dr. Francis W. Shepardson, director of registration and education for Illinois at the first graduating exercises of the school of nursing of the Decatur and Macon county hospital Wednesday night at the Millikin auditorium.

"I have been in many hospitals in many countries, I have been in large hospitals and in small, but I have never been in one which is better than that located out in those beautiful grounds in Decatur."

"The foundations of that institution are laid wide and deep, and by the foresight of the men and women who have brought it to its present high standard this community is ready just at the psychological moment when it should be ready to take part in the re-constructive and re-habilitative work which is now to be the great thing in the world."

"With the completion of the buildings already planned this community will have the best hospital in Illinois, aye, as good as the best in the world. I congratulate you."

Dr. Shepardson's address was largely devoted to the need of the physical upbuilding of men and women as the war had disclosed such a startlingly large proportion of our young men as unfit for service.

COMMUNITY WELL FITTED

For this purpose the speaker said this community was particularly well fitted with the hospital through which he had gone that afternoon and to the completeness of which he paid constant and superlative tribute.

MISS HELEN CLELAND

Superintendent of the Decatur and Macon County Hospital.

The graduating exercises were extremely interesting and were conducted under the supervision of Dr. William Barnes, president of the board of directors of the Decatur and Macon County Hospital.

The twelve graduating nurses who had completed their three years' course, clad in their white gowns, marched to the front of the auditorium accompanied by the junior nurses in their gray uniform, to march music on the piano by Prof. Hydinger.

After a piano solo by Miss Helen Cantrell, Dr. Barnes introduced Dr. Shepardson who spoke briefly on several of the problems left by the war; immigration and its control, physical rebuilding of the people of this country and a new knowledge of the value of health.

DR. JENNEY SPEAKS

After the talk by Dr. Shepardson Dr. Barnes called on Dr. C. E. Jenney to tell something of the work of the nurses in France and the Decatur man paid a high tribute to them for their unselfish and efficient attention to duty.

"They could stand on their feet longer than I could. They could go on working day and night without rest better than I. They were wonderful in their cheerfulness, their calmness, their sympathy."

Two violin solos by Miss Florence Brown followed the short talk by Dr. Jenney and before the presentation of the diplomas to the graduates by Dr. Barnes the Millikin quartet sang two songs which were much enjoyed.

Miss Helen Cleland, to whom Dr. Shepardson paid tribute for her ability as superintendent of the hospital, handed the diplomas to Dr. Barnes who passed them on to each graduate as she came to him. There was a round of applause for each girl.

After the formal exercises there was a reception in the rooms of domestic science department where frappe and wafers were served under the direction of Mrs. C. G. Powers, Mrs. H. I. Baldwin, Mrs. [illegible] Muecler and other women members of the boards of the hospital and nursing school.

Dr. William Barnes, head of the hospital board, entertained a few men at dinner at the Orlando hotel Wednesday evening in honor of Dr. Shepardson.

Members of the boards of directors and trustees were on the platform during the program at the graduation exercises.

A Secret Home Treatment For the Drink Disease!

ORRINE, for twenty years, has successfully fought the drink habit. Thousands of men and women owe their happiness and health to this effective drink remedy.

It can be given secretly at home in food or beverages, or can be taken voluntarily. Form No. 1 is a Powder for home treatment; form No. 2, Pills, for voluntary treatment.

Hard drinkers are being given or are taking ORRINE right now in order that enforced Prohibition can be easily met long before July 1st. Neglect in curbing the drink disease—for drink is a disease requiring treatment—may lead to health-destroying substitutes!

Men fool themselves into believing they can "knock off" drinking when intoxicants no longer are available. It's proved every day that they can't! Why take chances when ORRINE will kill the craving for alcohol in a few days—when its benefits are guaranteed or full purchase price promptly refunded? Price, either form, $1.25 a package; 4 packages, $5.00. All druggists or postpaid in plain, sealed wrapper.

For Sale by Decatur Drug Co. and Leading Druggists.

Free booklet mailed in plain, sealed envelope. THE ORRINE COMPANY, 1146 Fifteenth Street, N. W., Washington, D. C.

MAN ILL TREATED BY MOB DIES

Taylorville, April 3.—Official investigation into the death of Jacob Ring, aged citizen of Morrisonville is being conducted today by Coroner Hill of Taylorville. The action is taken at the request of relatives who assert that his death was hastened by an attack on him by a mob of citizens on the evening of the signing of the armistice on Nov. 11, 1918.

Ring died Monday and the attending physician, Dr. A. T. Gibson, certified to the death as being caused by uraemic poisoning. The family asked for an inquest.

The assault complained of occurred on Nov. 11, late in the evening. Ring was suspected of being a pro-German and a crowd surprised him at his store. They dragged him from his store and made him kneel and kiss the American flag. He was then liberated.

COUNTY BOARD DEMOCRATIC.

The next board of supervisors of Christian county will be Democratic as the result of Tuesday's election. Heretofore it was Republican by three.

SULLIVAN PLANS LOAN CAMPAIGN

Sullivan, April 3.—A meeting was held in the Merchants and Farmers State Bank Wednesday evening to organize for the Fifth Liberty Loan drive. The meeting was not as largely attended as it should have been but enough was present to transact all business at the time. Attorney E. J. Miller of this city was chosen chairman of Moultrie county and States Attorney C. R. Patterson was chosen secretary of the county and they at once got busy and formed the different townships organizations so that the work getting ready for the drive will be pushed along as fast as possible.

The fire department was called to the home of Squire Woodruff on west Jefferson street about eight o'clock Wednesday morning but by the time they arrived on the scene other help had arrived and the blaze was put out and only a very little damage was done to the residence.

The Globe theater is a thing of the past as the seats, operating room and other fixtures in the building are being torn out and the room is to be turned into a candy kitchen as soon as it can be completed. Mr. Weeks of Salem has leased the room and expects to occupy it with a candy kitchen and ice cream parlor as soon as it is ready for use. This room has been fitted for a moving picture show for the past several years but has not been used for the last two years since the Globe theater company bought the Jefferson theater.

The rain of this morning is not appreciated very much by the farmers as they are anxious to stay in the fields and get their spring work done at this time.

Miss Jessie Buxton arrived home Wednesday from Oklahoma wher she has been for the past several weeks visiting her brother, Frank Buxton.

Mrs. Earl Q. Righter of Decatur arrived Wednesday evening for a short visit with her mother, Mrs. A. J. Fread of north of this city.

Mrs. Harry Siron and Mrs. Mae Rose were Decatur visitors Thursday.

The Illinois Central superintendents motor car and the Hudson super-six of Jesse Byron got together on the Illinois Central tracks on the hard road on West Jackson street Wednesday evening about five o'clock. No one was hurt but the Byron car was damaged some. It was crossing the tracks when the motor car struck it. The motor car jumped the track went down the hard road a short distance before stopping. Superintendent Roth of the Central was on the motor car and Miss Lucile Byron daughter of J. A. Byron was driving the Hudson.

Mrs. Ben Gregg and Mrs. Harold Bromley were Decatur visitors Thursday.

MORE REPUBLICS, LESS MONARCHIES

[Correspondence of Associated Press]

Paris, March 27—The world is fast becoming republican. Before the war, monarchs and republics were about equally balanced. Now there are 29 republics as against 21 monarchies; counting Germany, Austria and Russia as one republic each. The number of republics will still be augmented by several new states that are now in course of formation.

The largest republic is China, with four hundred million inhabitants, the smallest is San Marino, which has only eleven thousand citizens.

CLOSE CONTESTS BUT LIGHT VOTE

Effingham, April 3—Only a very light vote was cast in the township election Tuesday, but there were some close contests. H. A. Bellchamber, Democratic candidate for assistant supervisor, was eelcted over his opponent, W. N. Frankenstein, Republican, while Henry Tegenkamp, Republican candidate for constable, won out over his opponent, John A. Perkins, Democrat.

The proposition to abolish the poll tax brought out a vote of 368 for abolishing the tax and 167 against.

"The Lion and The Mouse"

The screen adaption of the famous stage success of the same name, written by the late CHARLES KLEIN.

Shirley Rossmore was a clever and determined American girl. Just like thousands of other American girls, she believed right was right. John Ryder was the financial colossus of the world. He believed might made right, and when Shirley bearded this Lion in his Den, and challenged his might, HE laughed. To him it was the Lion playing with the Mouse.

ATWOOD LAND BRINGS $345 ACRE

Tuscola, April 3.—James Day, of Atwood, was here Wednesday closing up some real estate deals which he has handled there. One sale was made at the highest price for farm land that has been reported in Douglas county. This was an 80 acre tract located just north of Atwood and which was owned by Claus Anderson. Mr. Day sold it to Hans Von Lanken, at the fancy price of $345 per acre. He also sold the 80 acre tract that Mr. Von Lanken has owned, between Atwood and Garrett, at $315 per acre, but in this deal Mr. Day is acting as agent for the purchaser and the name of the buyer has not yet been made public. He also sold a small tract of about 30 acres of land which was originally timbered, located near Atwood and with poor improvements, at $300 per acre.

LITTLE INTEREST IN ELECTION

Mattoon, April 3.—Little interest was taken in the township election Tuesday as there was no contest, the ticket of the Republican party being the only one. The vote cast was as follows:

FOR SUPERVISOR.
Carl H. Osee, 261.
French Highland, 246.
R. C. Kimball, 250.

FOR CONSTABLE.
John T. Brown, 248.
C. A. Jones, 223.

FOR PARK COMMISSIONER.
George Kaelberer, 256.

FOR SCHOOL TRUSTEE.
Minshall Dole, 255.

FOR POUNDMASTER.
John Turner, 246.

Owing to the fact that neither Republican nor Democratic party has nominated a candidate for the place of city collector, that official will have to be named by the mayor. The ballots for the spring election are already in the hands of the printer, but they contain no names as nominations for that place.

Pleasant Grove township voted Tuesday by a good majority for a special bond issue of $35,000 and a special tax on all taxable property, this to bring in an additional $35,000 for better roads.

BUTCHER DENTISTS WORK IN ENGLAND

[Correspondence of Associated Press]

London, March 12.—Butchers, drillers and turners are practicing dentistry in England The only restriction, aside from possible damage suits, is that the "operator" does not call himself a "dentist" or "dental practitioner." It is unnecessary to register and anyone may start in the business.

This condition with its resultant health injuries has long been discussed in medical organizations without remedy but at last it has been investigated by a governmental committee. The whole system is criticised and the many American dentists in London are hopeful that parliament will standardize the practice of dentistry as it has medicine and at the same time, recognize dentistry as a profession. There is no such recognition now.

Some of the American dentists in London enjoy an exclusive clientele but the reputation of the United States for good dentistry has been seized upon by unqualified persons in their flamboyant advertisements They may and do advertise "American dentistry," and escape the technicalities of the law by not using the word "dentists."

CANCEL EMBARGO ON ALL GRAINS

Chicago, April 3.—The railroad administration today cancelled the embargo on all grains for all primary markets and discontinued the permit system. All conflicting embargoes of individual roads were also cancelled. The markets affected include Buffalo, Milwaukee, St. Paul and Minneapolis, Chicago, St. Louis, Peoria, Kansas City, St. Joseph, Omaha, Council Bluffs, Duluth, and Superior.

How are the Roads?

A light sprinkle Wednesday night was not enough to hurt the roads, which are in good condition in this vicinity.

Pana—Roads are in good condition all around here in every direction.

Monticello — Roads are improving as to smoothness and automobile travel is heavy.

Tuscola—Roads are improving with use and work, and all main roads are in fair condition for travel.

Shelbyville—Roads are in good condition.

Assumption — The roads are in splendid condition and cars are running as in midsummer.

A trip from Decatur to Farmer City Thursday showed the roads good as far as Clinton. Between Clinton and Dewitt they are poor, and between Dewitt and Farmer City they are fair.

Sullivan—Rain falling here this morning with indications of leaving the roads in a muddy condition.

LIKENS ALLIES TO PONTIUS PILATE

[By Associated Press.]

Proskurov, Ukraine, Wednesday, April 2.—"The Allies will be in the position of Pontius Pilate washing his hands if they do not come to our rescue," was a statement made to the Associated Press today by Simon Petlura, military and civil head of the Ukrainian republic, a man to see whom the correspondent had journeyed for nearly two weeks over bridgeless rivers, on slow trains, in automobiles, afoot and by wagon. The journey led the correspondent among soldiers and peasants who are believed by the outside world to be either Bolsheviki or some special sort of assassins and robbers.

Simon Petlura has had many epithets applied to him, of which few are favorable. He is, however, generally regarded as a mysterious person who is usually a fugitive and is looked upon as something between a Mexican bandit and a Moscow convict.

"BULLET HOLES DON'T SPOIL COAT," SAYS CLEMENCEAU

(Correspondence of the Associated Press.)

Paris, March 26.—"While clothes are so expensive I am not going to indulge in the luxury of a new overcoat just because a fool shot a few holes in my old coat," Premier Clemenceau is reported to have said.

The "Tiger's" jacket and overcoat both showing bullet holes were pieces of evidence that had to be produced at the trial of his would-be murderer, Emile Cottin. M. Clemenceau, however, happens to be particularly fond of those garments, and he asked M. Ignace, under-secretary of state for war, to let him have them back quickly. M. Ignace replied in tones of gentle reproof that the articles were in the hands of the justiciary and that under the rules, it would be quite impossible to part with them until the case was past the appeal stage. Then M. Clemenceau, who is an enemy of red tape, did what in French is described as an "efficieacious act," the nature of which is not specified, but may be surmised. His garments came back the same day.

The French are a thrifty race and expert clothes menders. The bullet holes can be "stopped" so as to defy detection and the coat will be as good as ever. That is M. Clemenceau's opinion.

Tuscola, April 3.—A small amount of corn was delivered to the Tuscola grain elevators Wednesday. The dealers were offering $1.46, for corn for immediate delivery.

EX-SOLDIERS MAY ENLIST FOR YEAR

But Others Who Enter Army Must Serve Three.

Sergeant William Heilrigle, who has just opened up the army recruiting station on the second floor over 108 E. Prairie, has received a large bunch of posters which will be scattered around and which contain some information of interest to any men considering enlisting.

Of principal interest is the announcement that any man, who has been in any branch of the service, and wishes to re-enlist, can do so for a period of only one year. After the year is up, he can return to civil life and will be in reserve for three years. Anyone going in for the first hitch however, will go in for three years' service.

DECLINE IN CORN PRICES

Chicago, April 3.—Fresh advances in the price of corn took place today owing more or less to predictions that there would not be any big accumulation of corn here before September. On the bulge, however, commission houses displayed an increased tendency to sell. Trade was fairly active. Opening prices, which ranged from ¼c off to 1c advance, with May $1.57 to $1.58½, and July $1.45¼ to $1.46, were followed by moderate general gains, and then by a sharp but transient setback.

Announcement later that permits for railway shipments of grain to primary markets had been abolished was followed by another sharp decline. The fact developed, however, that permits for export shipments to the seaboard were still a requisite The close was unsettled, 1⅝c net lower to 1¼c advance, with May $1.55¾ to $1.55⅞, and July $1.45½ to $1.45¾.

Oats hardened with corn. After opening unchanged to ⅝c higher, with May 67½ to 69⅛c, the market scored some further gain, and then underwent a decided sag which, however, failed to last.

Higher quotations on hogs lifted pork and ribs to the maximum allowed. Lard advanced also, but with much less snap.

Selling which was ascribed to packers led subsequently to a reaction, but rallies ensued again.

$1.50 IS TOP PRICE FOR CORN

Hogs Also Show Effect of the Increase.

The top price offered for corn at the Decatur mills Thursday was $1.50. Futures were weaker in the Chicago market and the extreme fluctuation of Wednesday did not occur on the market Thursday. Cash corn in Chicago while weaker held a good part of the advance made the day before.

Hogs were again higher in the terminal markets Thursday and prices on choice stock were advanced by Decatur packers, extra good hogs bringing now $19.90 a hundred here.

Higher priced butter seems near again as the price of butter fat is up to 67 cents a pound, a step upward of six cents in the last day or so.

Decatur dealers are offering the following prices for grain:

QUESTION ABOUT SALE OF BRICKS

City Has First Right and Contractors Second.

GEBHART ON THE JOB

He Gets Thousands for His New Theater Building.

A slight misunderstanding as to the disposition of the bricks taken from the streets that Birt & Driscoll are repaving caused a little confusion Wednesday. The law provides that the city has the first claim on all materials taken from streets to be repaved, the property owners have the second claim, and if they don't want them the contractor can do as he pleases with them. Some of the property owners seemed to think that the contractor was in duty bound to pick out the good bricks and deliver them to the property owners.

The contractors would have been willing to have delivered bats, broken bricks and all as they could be scooped up, but the property owners didn't want them that way, and most of them decided they did not want them at all. The city tree department teams hauled away all the big hard brick from East Prairie street to the city yards for use in repairing brick pavements, and other teams were hauling the best of the remaining bricks to the site of the new fire house at Wood and Franklin streets.

SOLD TO GEBHART

Of course the contractors wanted the bricks out of the way as rapidly as possible and they sold many thousands of them to Percy Gebhart, who is going to build a two-story motion picture house at the southwest corner of Water and Packard streets. Of course Mr. Gebhart wanted good bricks and the only way to get them was to go prepared to move them quickly. He engaged several trucks and a big force of men to load and unload them and when this caravan got on the job there was little room on the street for city teams, and the auto trucks were able to deliver their loads and get back quicker than the teams. For awhile it seemed that the city teams would not be able to get all the bricks needed for backing up the walls of the new fire house. The matter was finally straightened out in a satisfactory manner. The report that the city was selling the bricks, or that any one connected with the city was selling them, was without foundation. Those not taken by the city or property owners become the property of the contractors, and they are the ones who are selling any of those bricks that are sold.

BIG CRUSHER HERE.

Birt & Driscoll, the contractors will, in a day or two, have a big crusher here and they will put it to work crushing up all the brick bats. This crusher is guaranteed to handle twenty tons of brick an hour. The contractors will sell the crushed brick to persons who wish to use the stuff for drive ways.

Arthur Birt said Thursday that by using this crusher and mixing the bats with cement for concrete foundations he could save the city $2,500 on the next street paving contract. All the dust and dirt is screened away from the crushed bricks, and the rest, he declares, is as good as crushed stone for making concrete foundations when mixed with cement and sand.

LUKEY TO BUILD $5,000 RESIDENCE

Will Erect Structure in 200 Block North Taylor Avenue.

Six more building permits were issued during the last two days, making a total of fourteen permits already this week. The improvements represented a total investment of $25,000 for the week to date. The permits issued during the past two days are as follows:

To Pierce & Caldwell to remodel the business building at 250 East William street, at a cost of $3,700.

To Joseph Lukey for a new residence in the 2300 block East North street, to cost $3,500.

To Mrs. Edna Baugh for remodeling the residence at 1075 East William street at a cost of $250.

To Howard Krigbaum for remodeling the store building at 117 South Main street at a cost of $500.

To Chat Winegardner for a garage at 927 North Jasper street, to cost $350.

DURFEE PLAY IS WELL ATTENDED

Big Crowd Present at First Performance; Repeated Tonight.

"Josiah's Courtship," given at the H. B. Durfee school on Wednesday night, was so well attended that it was necessary to turn a number of people away. One hundred thirty-five attended the performance last night and it is expected that as many will attend the performance on Thursday night. A number of reserved tickets for Thursday night's performance may still be had. The special musical numbers were especially enjoyed.

REVIEW MAN TO NEW YORK CITY

George P. Byrne in Trade Association Work.

George P. Byrne, for the past six years city editor of The Review, will leave about April 15 for New York City. He goes to that city to engage in trade association work and will be located in offices in the United States Express building, at 2 Rector street.

Though he regrets exceedingly to leave The Review and Decatur, Mr. Byrne feels that the opportunity offered in New York is too great to be turned aside. His brother, John M. Byrne, is engaged in the same line of work. The latter, who was formerly secretary of the Decatur Association of Commerce, is now secretary of the Casket Manufacturers' Association of America, with headquarters at Cincinnati.

In his newspaper work in Decatur, Mr. Byrne has been exceedingly successful and his experience here will furnish a fine basis for his work in New York.

IS MILLIKIN MAN.

Mr. Byrne graduated from the Decatur high school in 1908 and later attended the James Millikin university. While at Millikin he was captain of the basketball team for two years and played on the team that won the conference championship in 1912. After leaving the university, he was a reporter for two years before becoming city editor. Mrs. Byrne was formerly Miss Eula Mason of Fillmore, and is a graduate of the J. M. U.

Mr. Byrne is a member of the Kappa Delta Chi fraternity and Mrs. Byrne of the Pi Beta Phi sorority.

DIES DAY AFTER HIS BIRTHDAY

Raymond Cain of Sadorus Expires at Hospital.

Raymond Cain of Sadorus, died at the St. Mary's hospital at 5:30 Thursday morning. He was operated on last Friday for appendicitis. He was twenty years old yesterday. He was born in Sadorus, Ill., and lived there all his life. He was very popular, especially among the young people of Sadorus.

He is survived by his parents, Mr. and Mrs. Thomas Cain, and the following brother and sisters, Charles Cain, Josephine, Mary, Mrs. Augusta Ferris and Mrs. James Sladin. A son of Mr. and Mrs. Cain died on Dec. 20, 1918. The body will be taken to Sadorus Thursday afternoon.

DEATHS.

MRS. JESSIE HARRIS.

Philo Robinson and family have returned from Indianapolis, where they were called by the death of Mrs. Jessie Harris, which occurred Thursday March 20. The burial was in the Holy Cross cemetery at Indianapolis.

Mrs. Harris was a daughter of Mr. and Mrs. Philo Robinson. Her maiden name was Aileen Robinson and she was born in Decatur thirty-five years ago, and most of her life was spent here. Beside her parents she is survived by her husband and two sons Richard, aged four years, and Lawrence Edgar Harris, aged five months. She also leaves three brothers and two sisters, John Robinson, Edgar Robinson, Philo Robinson, Jr., Mrs. Olive Jones, all of Decatur and Mrs. Anna Pope of Chicago.

FUNERALS.

ONA HEINDSELMAN.

The funeral of Ona Heindselman was held at 2 o'clock Wednesday afternoon at Moran's chapel. There was a large attendance. The services were conducted by Rev. Roy G. Catlin, pastor of the First English Evangelical Lutheran church.

The music was furnished by Mrs. Corydon C. Nicholson and Mrs. W. Roy Essick. There were many beautiful floral tributes.

The pallbearers were Arthur Remloy, Edward Hall, Fred Krohn, Louis Gerber, Dewey Howe and William Strunk. The interment was in Fairlawn cemetery.

HANDSOME RINGS AND PINS HERE

D. H. S. Seniors Spend $700 for Them.

The class rings and pins for the senior class of the high school were distributed today. From this time on you will know an upperclass man when you meet him or her in the street. A senior isn't an honest to goodness senior until he puts on his class pin any more than a sergeant is a sergeant until he has chevrons on his sleeve.

The rings and pins are of precisely the same design and have precisely the same significance. It was simple a matter of choice. There are 180 members of the senior class and the rings and pins cost a matter of $700 which was paid in spot cash.

Decatur W. C. T. U. Meets.

The Decatur W. C. T. U. met Wednesday afternoon at the First Christian church. The devotions were led by Mrs. Mary Larrick. Mrs. J. H. Fisher was the leader. She spoke on the hospital work at Fort Sheridan. The union voted to cooperate with Mrs. Myrtle Edwards in the Child Welfare work. The committee appointed were Mrs. B. F. Cloud chairman, Mrs. J. H. Fisher, and Miss Sarah Clark.

Miss Helen Kimber talked to the women in regard to the Victory Liberty loan. A program committee was appointed to arrange for a program for the next six months. They were Mrs. J. W. Fritz, Mrs. Charles McCarter, and Mrs. J. H. Hughes.

CHARGED WITH THEFT OF GOODS

James Jay Was Selling Dress Gingham.

James Jay was arrested Wednesday on a charge of stealing goods from an interurban car in interstate traffic. The goods were stolen last January. They included a lot of dress goods. Wednesday Jay was offering some dress gingham for sale at 22½ cents a yard. Someone reported it to the police and when investigation was made it was found he had eight bolts of the goods. The ginghams was worth about $80 at the time it was stolen, being higher then than it is now. Then the price was about 25 cents a yard wholesale, while now it is about 21 cents and retails at 25 to 27 cents.

A deputy United States marshal came after Jay Thursday afternoon to take him before the federal court at Springfield.

Jay has a wife eighteen years old. They were married last fall, and live at 114 Franklin street.

ROBERT PENIWELL GETS COMMISSION

Decatur Boy, Member of Company A, Made Second Lieutenant.

Sheriff M. E. Peniwell received a cablegram Wednesday from his son, Robert Peniwell, with the American Forces in France, stating that he had received his commission as second lieutenant. Lieutenant Peniwell went to France a year ago with Company A, One Hundred and Twenty-fourth Machine Gun battalion. He was a sergeant in the company before going abroad. He did not enter the officers' training school until after the armistice had been signed.

CLOTHING FOR NEEDY ARRIVES

Will Be Shipped in Large Burlap Bags.

Clothing for the needy Belgian and French refugees in response to the call from the Red Cross began to pour into the headquarters of the committee, at 141 East Main street, Thursday morning, and the women in charge began to sort out the big bundles so that the packing for shipment can begin soon.

The clothing and shoes are to be shipped in large burlap bags and it is planned to have the packing keep pace with the receipts where possible.

PRIZES OFFERED

Prizes have been offered to school children for the school which will bring in the largest amount of clothes by the end of the week.

The contest is open to all schools, public and parochial and the prizes offered are $10, $6, $4 and $2 and the youngsters are expected to make a showing which will put the adults efforts in the shade.

Arrangements are being made to gather the clothing from the schools, or from whatever other points the children or their teachers may designate, and scales will be on hand to weigh the clothing as it comes in and credit will be given to the school each time a bundle comes in from it.

The campaign is now on for a whirlwind finish. Women are speaking in the theaters and special Red Cross films are being shown for the benefit of the drive.

SPEAKERS AT THEATERS

Mrs. William Downey spoke at the Empress, Mrs. R. C. Augustine at the Bijou, Mrs. Inez J. Bender at the Avon and Miss Rose Elliott at the Crystal theaters Wednesday night. The Lincoln Square theater is showing a film for the drive and everything is being pushed to complete the campaign this week successfully.

People with clothing to give should call F. M. Meridith, Main 205 or 206, and leave word and he will send for the garments offered.

OVERCOAT ARRIVES

An overcoat came in Thursday morning that will make somebody in Europe feel like a million francs. It has a rich, fur collar, is lined with heavy plush and is altogether a rich looking garment.

There were many shoes sent in and a number of people looking through the front window, mistook the place for a rummage sale and came in to buy.

Mrs. W. H. Jennings and Miss Rose Elliott were in general charge Thursday, with Mrs. F. M. Meridith putting in some time also helping out in the work.

JUDGE WHITFIELD GRANTS NEW TRIAL

In Maintenance Case of Marie vs. J. Ray.

In the circuit court Thursday morning Judge W. K. Whitfield granted a new trial in the separate maintenance case of Marie Ray vs. Josiah Ray. The jury had been given three special interrogatories to answer, and the answers made it appear that neither party had done anything to warrant a divorce. The answers were inconsistent with the evidence, so a new trial was granted.

The motion for a new trial in the case of William Reid vs. the American Hominy company was overruled and judgment was entered on the verdict for $11.13.

The case of Agnes Scherer vs. Dr. C. M. Wood, judgment on the verdict was entered for $1,500 and costs, in favor of Miss Scherer.

In the case of W. B. Traughber vs. the Illinois Central, judgment was entered on the verdict for $424 and costs.

CITY PLANS TO INSPECT BLOCKS

To See They Do Not Contain Too Much Creosote.

The city was notified Thursday that the wood blocks for the new paving on Franklin, North and South Park streets and East Prairie venue would be shipped April 15. The company suggested that if the city intended having the blocks inspected at the factory to see that they do not contain too much or too little tar, it would be a good idea to make the arrangements for the inspection as early as possible.

It was the sense of the council that the expense of the inspection of the blocks at the factory would be justified and on motion of Commissioner Ruthrauff Engineer Hicks was instructed to go to Indianapolis and see what arrangements can be made. It is expected that the inspecting will be done by some one from the Pittsburgh testing laboratory, which is a high authority.

SUPPLY OF ALUM.

On motion of Commissioner Ruthrauff the bid of the Superior Chemical company for the year's supply of alum was accepted.

People living on South Franklin street, just below the subway, petitioned the council Thursday morning for a sewer. There is none in that immediate vicinity and housewives have to dump their wash water into the streets, from whence it runs down to the inlets of the subway. The petition was referred to the consulting engineer for a report.

WANT STREET LIGHTS

Residents of the Chamber of Commerce addition, which has been in the city five years, petitioned for a street light at the intersection of Garfield venue nd Chrles street, another at Charles street and Harrison avenue nd one at Lowber street and Harrison avenue. The petition was referred to Commissioner Ruthrauff with power to act. He saidthat he would get the lights placed just as soon s possible.

The Decatur Rilwy nd Light company reported delays to streets cars at railway crossings in March, 1919, to be eighteen hours and twenty-one minutes, as compared with nineteen hours and sixteen minutes in March, 1918.

Weddings

REED-MARTIN

Howard Reed of Lake City and Miss Hazel Martin of Mt. Zion were married in Decatur Thursday morning, the ceremony being performed by Judge J. H. McCoy at the court house. The groom is a machinist.

HOCKER-PRICE.

The wedding of Miss Amy Hyatt Price and Rolla A. Hocker, was celebrated in the home of the bride's parents, Mr. and Mrs. J. H. Price, Decatur, Ill., R. F. D. No. 1, on the evening of April 2nd, at 8 o'clock. Rev. Edgar W. Smith, pastor of the Bethlehem and Madison Presbyterian churches, performed the ceremony.

Only the parents and the brothers and sisters of the bride and groom, with their families, were present. The bride was dressed in white silk and carried a bouquet of white rosebuds. After the ceremony a three-course supper was served.

Mr. and Mrs. Hocker are well known and highly esteemed in the Elwin and Bethlehem communities. Mr. Hocker has recently returned from military service in Camp Grant. They will make their home on one of the farms of his father, Samuel A. Hocker, a half mile east of Elwin. They will be at home to their friends in a short time.

SHELBY MINER SENT TO PRISON

William Shaw to Serve Term for Perjury.

Shelbyville, April 3— Under sentence of Judge Jett on his plea of guilty to a charge of perjury, William Shaw, a well known coal miner of this city, will go to the Southern Illinois penitentiary at Chester to serve an indefinite sentence.

Shaw swore before the grand jury that he knew of no one to whom Fred Pierce, a local barber, had sold intoxicating liquor in Shelbyville, that he himself had purchased no whisky from Pierce, nor had Pierce sold him any liquor during the specified time or at his barber shop on the morning of Nov. 12, 1918; whereas Shaw well knew the reverse of said statements was true. The truth is said to be that on Nov. 12, 1918, Shaw received from Fred Pierce whisky for which he paid Pierce, that Shaw had received by purchase from Fred Pierce intoxicating liquor and had drank whisky at Pierce's barber shop on that morning of Nov. 12, 1918.

Shaw said he was drunk when he testified before the grand jury.

The regular session of the circuit court Tuesday afternoon was turned into a "court of domestic relations," with Judge Pott hearing tales of matrimonial shipwrecks from six applicants for divorce. One other, that of T. E. Garner vs. Estella Garner, was called for hearing, but with no one appearing it was dismissed for want of prosecution. Decrees were granted in the six cases heard.

DIVORCE CASES.

John W. Murray was granted a divorce from his wife, Laura M. Murray, on the charge of desertion. The complainant has lived in Camden 15 years, and married in 1906, living with his wife until she left him in 1917. Murray swore he had had no trouble with his wife, and knew of no reason for her desertion.

Martha A. McCormick and Hallar McCormick lived together as husband and wife a little more than a year after their marriage, December 22, 1912. The wife charged drunkenness, and one witness stated that McCormick had two pigs, with which he spent more time than he did his wife, and of which he seemed to think more than he did of her. He also was characterized as "indolent" and "lazy." Mrs. McCormick was granted the divorce.

Jerry Ward and Minnie May Ward were married nine years ago and lived together about a year, when Mrs. Ward is alleged to have deserted with no apparent reason. Decree for desertion.

A decree was given Stella Wright, who alleged that her husband, Abner Wright, to whom she was married in 1896, on the grounds of cruelty and nonsupport. Mrs. Wright is said to have supported her five children, that she was struck by defendant with a fence rail, that she worked in the fields and cut sprouts, as well as took in washings, for which she had to carry water a long way when the temperature was three degrees below zero. Testimony disclosed that "the old man sat behind the stove and grinned." One of the plaintiff's sons is a soldier who has been in service overseas.

Eli Skidmore procured a divorce from Florence M. Skidmore, whom he married December 14, 1914, at Shelbyville. Skidmore told that they lived at Findlay with his wife's mother, who objected to his bringing his dirty shoes into the house, whereupon he left and established a home and asked his wife to share it. She refused, though often requested. The court held that it was the wife's duty to follow the husband to his home, and her failure to do so constituted desertion under the law.

Annie Acord was given a divorce from her husband, Noah Acord, to whom she was married in 1899, on her showing of desertion.

Lewis Rhodes, a coal miner, was brought into court on a writ of attachment for contempt of court, for having failed to pay his wife alimony awarded her in a suit she had brought for divorce. The defendant had been ordered to pay $8 a month to support his two children. He had defaulted ten months. His excuse was that he thought the wife "went south" with what he had paid her and the children did not get the money. The court gave him a chance and directed that he pay at once, under penalty of a jail sentence.

Lieutenant L. F. Akenhead, formerly connected with Company H and the old Fourth Illinois regiment, was host Tuesday evening at a dinner served at the Neal hotel to nine former Company H boys who served together on the Mexican border and most of whom have seen service overseas, but have returned and received their honorable discharges. The dinner was in honor of Lieutenant Munhall of Champaign, who was transferred to Company H for overseas service, and who is visiting here. Other guests of Lieutenant Akenhead included Lieutenant George Burnett, Sergeant Charles Young, Corporal Tom Parker, Corporal Ralph Sprague, Bugler Henry Thompson, Corporal Roy Edwards, Private Headon Brogion, Roy Flanders.

LONG WEAR AND ECONOMY

"Last year I purchased a standard make of shoes, and in sixty days the soles were worn through. I had them re-soled with Neolin Soles—which lasted me six months in the same service that wore out the other soles in two," writes E. A. Lancaster of Lancaster & Company, jewelers, Greeneville, Tenn.

Mr. Lancaster's experience with Neolin Soles is not unusual. Millions of people can testify to their long wear and economy. To reduce your shoe expense, buy Neolin-soled shoes. You can get them in many styles for every member of the family.

Neolin Soles are created by Science to be comfortable and waterproof as well as long wearing. Good repair shops carry them. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

UNION PAINTERS BACK ON THE JOB

Are Given 70 Cents an Hour by Bosses.

Decatur union painters and paperhangers were back on the old jobs Thursday morning. Plumbers and electricians were still out with no prospects in view for an early settlement.

In regard to the settlement between the boss painters and journeymen, Carl Ewing, chairman of the journeymen's scale committee said Thursday morning.

"Everything is settled and we are all back at work this morning. We were granted seventy cents an hour, which is what we were asking for. Paperhangers also received their proportionate increase. I wish to say our meetings with the bosses were not full of heated arguments as one report said, that our meetings were pleasant and agreeable, and both sides conceded several points in order to get together."

Just when the plumbers and electricians will get straightened out, no one can say. There doesn't even appear to be any negotiations between the bosses and journeymen.

"FINE FEATHERS" MAKE FINE GOWN

By BETTY BROWN.

Ostrich feathers are no longer sacred to hats! One of the smartest gowns seen in Paris recently was an evening costume of orchid silk, artfully draped, and its orchid chiffon sleeves were cuffed with double bands of violet purple ostrich flues, held in place by bands of purple velvet. The top of the chiffon bodice is outlined with amethyst "jewels" and the silk girdle top is finished with another fitted band of the ostrich. A huge purple velvet pansy at the waistline completes a costume of unique charm.

MACON COUNTY IS HIGH ON LIST

Made 150 Per Cent of Quota on War Fund.

That Macon county ranked among the highest in the state in the United War Work campaign is shown by the report recently issued on the collections from the different districts. This county not only raised its quota, but went considerably past it, its percentage being 150. Only seven other counties made as much or more than 150 per cent. The two highest in the state were Lawrence and Crawford counties, which made 172 per cent. Macon county's quota was $81,600, its subscriptions amounted to $124,000, and the amount collected to date of report was $120,197.05.

ONE OF HIGH DISTRICTS

There were three districts in the state which made 136 per cent as districts in the campaign. District No. 15, which includes Macon county, was one of the three. This district includes Christian, Macon, Moultrie, Piatt, and Shelby counties. Other counties in this vicinity are included in one of the other districts making 136 per cent. This is district 16, which consists of Clark, Coles, Cumberland, Dougins and Edgar counties. The third district which made 136 per cent was district 22, composed of Crawford, Edwards, Jasper, Lawrence, Richland and Wabash counties.

DeWitt county made a percentage of 131 per cent, Logan county 95 per cent, Effingham county 62 per cent, and Fayette county 47 per cent.

SOME FAILED

Of the twenty-two districts in the state nine failed to reach their quota. Greater Chicago made only 77 per cent of its quota.

While the entire state went over the top in subscriptions for the campaign it has reached only 85 per cent in the actual amount of funds collected to date. Many of the districts also which went above the quota in subscriptions have not yet reached the quota in cash turned in. So far there are forty-eight counties and thirteen districts which are 100 per cent or over in collections.

The districts making the poorest showing in the drive were in the mining and agricultural sections, where the work was not well organized.

Weddings

WILLIAMS-CHATWELL

Miss Vivian Chatwell and Fred Williams, both of Decatur, were quietly married at the home of the bride, 1509 North Water street, last Thursday evening at 7 30 o'clock. Rev. C. H. Featherston of Bloomington performed the ceremony. After the ceremony refreshments were served, and the rest of the evening was spent socially.

As Mrs. Hoges played the wedding march the bride and groom came down the stairs, attended by Elsie Wyatt, friend of the bride, and Joe Williams, brother of the groom. The bride wore light blue Georgette crepe.

Those present were the immediate families and intimate friends of the couple.

The groom is the eldest son of Rev. and Mrs. J. B. Williams, 960 East Main street. The bride is the eldest daughter of Mr. and Mrs. J. E. Chatwell, 1509 North Water street. The couple will make their home for the present with the bride's parents.

HETTINGER-KEATING.

Miss Ella Keating of Champaign and N. N. Hettinger, 449 South Main street, Decatur, were married at 10 o'clock Wednesday morning at the First Christian church, Rev. R. E. Henry officiating.

The couple will make their home at 449 South Main street.

TAYLOR-LUSK.

Leona Taylor and Harry Lusk were married by Rev. J. N. Vannattan in his home at 6 30 Wednesday evening. After the ceremony a dinner was served by some of Mrs. Lusk's friends in Mr. Vannattan's home. The young people will go to housekeeping on the corner of Broadway and Leafland at once.

Mrs. Lusk is the daughter of Mr. and Mrs. Robert Taylor of Lewiston, Ill. She has made her home with Mr. and Mrs. Vannattan for some time. Mr. Lusk is the son of Fred Lusk, 157 East King street.

SMITH-WASHEK.

Miss Ada Washek and Bert Smith, fireman at No. 1 fire house, were married Monday evening at 8 o'clock at the home of the bride, 340 Wabash avenue. The ceremony was performed by Rev. William Heyne of St. Johannes' church and was witnessed by about twenty-five or thirty friends and relatives of the couple. Following the ceremony, an elaborate supper was served. Mr. and Mrs. Smith received a large number of handsome and useful gifts. The groom just recently returned from service in France

FINN CASE TO APPELLATE COURT

Moved From Supreme Court on Motion of Fannie Wetmore, Complainant.

In the Illinois Supreme court Wednesday the case of the American Trust and Savings bank vs. the City Electric Railway company, better known as the case of Fannie Wetmore vs. James J. Finn, was transferred to the appellate court of the Third District on motion of the former. When J. J. Finn was master in chancery of Macon county many years ago the City Electric Railway company was sold under an order of court and the proceeds distributed. Mrs. Wetmore held some bonds of the company and, claiming that she never received her share of the proceeds and sued Mr. Finn for the amount. In the meantime he had ceased to be master in chancery and after keeping the books and papers of his office for several years and further use for them they were destroyed. Even his report to the court has disappeared.

DECATUR DRUG MAY REMODEL AT ONCE

Lease on Part of Building Expires Next Month.

The lease of the Orpheum theater in the building recently purchased by the Decatur drug company expires on May 17. It is understood that the drug people will take over the room at once and begin refitting it for their own use. This is a matter which is entirely in the hands of Mr. Burks who is now in Florida, the other members of the company say, and it is possible that the remodeling may be deferred till the drug company can get possession of the entire building, the north room being occupied by a cigar store and pool room whose lease does not expire till Nov 1. It is believed, however, that the theater part will be remodeled first and probably occupied in order that the store may be in its new quarters in time for the holiday trade.

The store will not only have a much larger ground floor than at present but will also occupy the entire basement and all or part of the second floor. It is possible and indeed, probable that the firm will use the entire building in time.

LIEUT. TENNEY IS BACK HOME

Member of Tank Corps Gets Honorable Discharge.

Lieut. Ralph Tenney, of the tank corps service reached home Wednesday night having received his honorable discharge at Camp Meade, Md., soon after his arrival at that place from New York where he landed about ten days ago.

Lieut. Tenney has many interesting things to tell and his tribute to the efficiency of the doughboy, the American soldier, is most sincere and to him the lieutenant freely gives the credit for making the Hun know what real fighting is.

CREDIT TO KRIGBAUM.

Particularly does Lieut. Tenney feel that great credit is due to the 124th Machine Gun Co., composed largely of Decatur men and under command of Captain Lutz Krigbaum. Lieut. Tenney was over the ground in the Argonne covered by this company and he feels that nothing is too good for men who went through what these gunners did in driving the Germans out of that formidable position.

The signing of the armistice prevented the Decatur man from getting into action but he had many interesting experiences and tells of the German positions taken, of how well they were equipped for the comfort of the German officers and of his own work in the salvage corps after the signing of the agreement on Nov 11 which stopped the fighting.

RETURN FROM SOUTHERN TRIP

Carrie Knapp and Emma Miller Are Back.

MISS CARRIE KNAPP and Miss Emma Miller returned home Wednesday night from their southern trip, which was a most delightful journey in every respect. They visited Hot Springs, Houston, Galveston, New Orleans, and Mobile, Ala. At Hot Springs they met Mr. and Mrs. Dave Torrence of this city.

They especially enjoyed seeing the many places of interest about New Orleans. They happened to be in New Orleans at the time the Elks club dedicated its new $500,000 club house, the largest and finest of its kind in the United States. A big celebration was put on and it was a gala day for the city. The entire city was most handsomely decorated with the club colors, purple and white, predominating. On that day the club received 2,000 new members, bringing its membership up to 5,000. All the proceeds of the various money-making features in connection with the celebration were to go for the benefit of an orphans' home. People were present from all over the country.

While at New Orleans the Decatur folks saw a number of warships and submarine destroyers, which were brought into the harbor.

They were told they reached Mobile at just the right time to see the azaleas, which grow to perfection in that vicinity. They were surprised to see the immense bushes filled with the beautiful, different-colored blossoms. All over the south the flowers were in bloom.

MR. AND MRS. JOE GAUGER have moved from Boston to Cleveland, where Mr. Gauger has accepted a position as accountant with a theater company. Mr. Gauger for some time has been a paymaster in the navy, and he got his release from the service only just recently. He was expecting his release several weeks before and had taken the new position, as soon as the release came he left for Cleveland. Mrs. Gauger was formerly Miss Neva Welsh of this city.

Mr. and Mrs. Gauger have been at Boston ever since they left Booth Bay, Me., shortly after the close of the war. Just now they are looking for an apartment in which to live, and they find that suitable quarters in Cleveland are very scarce. Mr. Gauger has a sister in Cleveland, holding a position as director of the cafeteria department of the Y. W. C. A.

Miss Ella Glore and Mrs. A. R. Montgomery are now on their way to Decatur from California. They wrote that they expected to be here Friday or Saturday. They spent Wednesday at Grand Canyon, and left there Wednesday for the rest of the trip home.

Mrs. A. E. Moody of Cleveland, O., is spending a week with her parents, Mr. and Mrs. C. A. Thrift. She came last Saturday. Mrs. Moody's husband is superintendent of schools at Bedford, a suburb of Cleveland. Mrs. Carleton Mattos had just a few friends in for luncheon at her home Wednesday afternoon for Mrs. Moody.

The monthly meeting of Stephen Decatur chapter, D. A. R., is being held this afternoon at the home of Mrs. W. P. Morris. One of the features was to be the report of the convention last week at Moline, by Mrs. E. L. Pegram.

Mrs. William Downey is confined at her home by illness.

Mrs. Downey was taken ill suddenly Wednesday evening while making a talk at the Empress theater for the Red Cross drive. She has been advised by her physician to give up her work. Mrs. Della Gushard will take her place in the Welfare home work.

COUNTRY CLUB OPENS SEASON

THE BLOOMINGTON COUNTRY CLUB has decided to open the club for the season about May 15, with a reception and dancing party. Preparations are now being made for this event. Eighteen new members have been taken into the club during the past five or six weeks, and other applications are now pending. The golf course is being put into fine shape and landscapers are planting shrubbery and trees.

Misses Ruth Smith, Adele Shelah and Helen Conrad were initiated into Delta Delta Delta sorority at the chapter house Wednesday afternoon. Following the initiation dinner was served.

T. K. E. men were hosts at the Thursday afternoon tea at the J. M. L. this afternoon.

The Elks club will have an informal dance tonight at the club. It is for the members and their friends.

AT the initiation ceremonies of Theta Sigma Phi, honorary professional sorority of the University of Illinois, at Urbana Tuesday afternoon, was made the announcement of the engagement of Miss Susan Shaffer and Lieutenant James C. Dibelka. Miss Shaffer is woman's editor of the U. of I. publication, the Illini, which is read by a number of Decatur people. The announcement of the engagement was made by Miss Shirley KreSan, who formerly attended the James Millikin university here. Miss KreSan read an improvised interview from a Canadian paper, which contained the news.

Lieutenant Dibelka is with the 120th infantry of the Prairie division at Luxembourg, Bavaria. No date has been set for the wedding.

Miss KreSan gave a toast at the formal banquet which was held at the Inman hotel for the initiates.

BOOST 8-HOUR DAY FOR WOMEN

Decatur Y. W. C. A. Asked to Give Support to Bill.

Support of the Y. W. C. A. for the bill to be introduced into the legislature for an eight-hour day and forty-eight hour week for women is asked in a letter just received at the Y. W. C. A. from Miss Allen Henry of the National Woman's Trade Union league. This letter was considered at a meeting of the extension committee of the Y. W. C. A. Wednesday morning, and was turned over to a special committee consisting of Mrs. J. W. Miller and Miss Ora Bellamy. The women expect to cooperate in whatever way they can for securing the passage of the bill.

The bill which is to be presented to the legislature, is the result of the work of a commission appointed some time ago by Governor Lowden to make an industrial survey in regard to the hours of work by women.

PROGRAM FOR THE RUSSIAN PIANIST

Serge Prokofieff is Writing on Opera.

Serge Prokofieff, the Russian pianist, who is to take the place of Ethel Leginska in the Millikin Conservatory artists series, will give an interesting program when he comes here next Monday evening. His program is to be given in the Millikin auditorium at 8:15.

Prokofieff recently was hired by Campanini to write an opera for use next season at the Auditorium in Chicago. The opera is called, "The Love of the Three Oranges," and Prokofieff says that it is to be farther from routine than anything in the known repertoire.

His program here will be as follows:

Sonata G major—(a) Moderato e risoluto, (b) Andante no troppo, (c) Scherza, (d) Finale—Tschaikowsky.

Two Preludes—(a) G sharp minor; (b) G minor—Rachmaninoff.

Pictures from an Exhibition (a) Promenade; (b) Bydlo; (c) Ballet de Fmussins dans leurs coques; (d) Le Vieux Chateau; (e) Limoges—Moussorgsky.

First Sonata, F minor (In one part)—Prokofieff.

Four Piano Pieces — Prelude; Marche; Gavotte; Etude—Prokofieff.

Clubs

Members of the Purity club surprised a former member, Mrs. J. W. Bridge, very pleasantly Wednesday afternoon at her home, 2205 East Eldorado street. They brought supper with them, and it was served at 5 o'clock. The occasion was also a handkerchief shower for Mrs. Bridge, and she received many pretty handkerchiefs.

Those present were Mrs. L. Lesser, Mrs. M. M. Uhler, Mrs. J. J. Spangler, Mrs. C. H. Raffo, Mrs. Vernon Brown, Mrs. J. Dempster, Mrs. J. A. Beard, Mrs. R. T. Cook, Mrs. C. E. Hoinigh, Mrs Frank Shields, Mrs. Paul Rudd, Mrs. Arthur Kane, Mabel Lesser and Bertha Duncan.

Mrs. Cecil Morgan was hostess Wednesday afternoon to the members of the M. L. H. club at her home, 466 East Grand avenue. Fourteen members were in attendance. Mrs. Herman Carlson of Galesburg was an out-of-town guest. The guest prize was won by Mrs. Fred Hall. Several piano numbers were rendered by Miss Velta Hart. Dainty refreshments were served. The next meeting will be held at the home of Mrs. Charles Newell.

ENTERTAINMENTS AT PUBLIC SCHOOLS

Three Shows Will Be Given at the Roach, Friday Night.

Three shows will be given at the Roach supper and entertainment Friday night. The high school girls Ukelele club will furnish one show, moving pictures on "Helping Mother" and "Hanging Wall Paper" will be one, and the other will be a miscellaneous performance. The advance sale of the 5 cents tickets has been very good.

OGLESBY.

The parents' meeting at the Oglesby school on Friday night will be especially interesting because J. O. Engleman will talk on the timely subject of, "School Legislation now Pending in Illinois."

LINCOLN.

Tickets are selling rapidly for the Jitney supper and entertainment to be given at the Lincoln school Friday night. The mothers will start to serve the supper at 5:30. The following shows will be given: "Indian Show," Alex VanPrang; "Japanese Garden," High school girls' glee club, and a miscellaneous performance by former school pupils under the supervision of C. A. Unnewehr.

MARY W. FRENCH.

Mary W. French pupils started work on the Red Cross old clothes drive Wednesday. They are anxious to get the 10 dollar prize that has been offered to the school collecting the most old clothes.

PUGH.

Ten bales of paper have been collected so far in the paper campaign the Pugh school is having this week. The purpose of the campaign is to raise money to purchase basketball and baseball equipment.

Sergeant Fisher Returns.

Sergeant Nelson Fisher and wife have returned from Camp Logan Houston, Texas. On their way home they stopped and spent a few days with Mrs. Fisher's parents in Henderson, Ky. For the present the couple are living with Mr. Fisher's parents, Mr. and Mrs. J. M. Fisher.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haarlem Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

GOOD FILMS FOR Y. M. C. A. MACHINE

One on Wall Paper Hanging of Interest.

Among the educational films being shown by the Y. M. C. A. movie machine this week is one on wall paper hanging that is of special interest to paperhangers and women. This is a Ford film and is to be shown at 7:30 Thursday evening in the Y. M. C. A. for all paperhangers of the city who wish to attend. A couple of other good films will be shown at the same time, making a program of a little over an hour.

Among other good films now on hand are "The Boy Problem Solved," a National Cash Register picture, "Canning" which is an International Harvester film, two sets of slides on "Weeds Mean Waste" and "Diversified Farming in the South," and four reels on the making of surveying and scientific tools by the Sterritt Tool Co.

The canning film shows the cold pack method and other things of interest to women. It will be shown Friday night the Roach Parents' club meeting, together with the film on wall paper hanging and "Making Mother's Work Easier."

The three-reel vocational picture "Thomas Jefferson Morgan," issued by the Curtis Publishing Co., is to be shown Friday evening at 7 o'clock in the Boys' department at the Y. M. C. A. to all boys of the city who care to see it, whether members of the association or not. Also, parents of children are invited to see it.

MILLIKIN GLEE CLUB TO MACON

Will Give Concert in the Opera House Tonight.

On Thursday evening the Millikin Men's Glee club will sing at Macon in the opera house. A short time ago the glee club quartet gave a short program there, and the church under whose auspices they sang were very anxious to get the entire club there for a concert. The trip Thursday evening will probably be made in automobiles. These men will go: First tenors, Lucas, Rubottom, Cannon, Graham, Cruit, Crowder; second tenors, K. Smith, Hunter, Lobenstein, Cross, Fife; baritones, McClelland, Haas, B. Smith, Ross, Williams, Gibbs; basses, Downey, Birks, Roberts, Cummins, I. Smith, Dennkins; pianist, Judy.

Child Culture Mothers Meet.

The Mothers' club of the Child Culture department of the Millikin Conservatory had its regular meeting on Wednesday afternoon in the conservatory. A violin solo, "Ave Maria" (Shubert) was given by Ruth Brown. Mrs. E. R. Sewell, Mrs. H. S. Baker and Miss Esther Ruquerth gave talks on the subject, "Discipline." A general discussion on the subject followed. The hostesses for the afternoon: Mrs. Dennis and Mrs. M. Kline, served tea and wafers.
